Triumphant Madison honors champs

Like the Trojans of early Greece, the Madison High School basketball Trojans received a hero's welcome Sunday, returning victorious from the "Trojan War" at Champaign.

An estimated 400 or more cars, trucks, fire trucks, police cars and other vehicles, many brightly decorated, started gathering at 1 p.m. Sunday awaiting the arrival of the Class A state basketball championship team.

State police and Madison County deputies were waiting at the Madison County line and escorted the team's bus, with flashing red lights and blaring sirens, to the intersection of Route 203 and Bend Road.

State police radioed Madison police when the Trojans arrived at the county line, and a crowd of well over 2,000 became even more excited.

Arriving to start the parade, the Trojan cagers and cheerleaders got off their bus and onto a Madison Fire truck. With their championship trophy held high.

The parade began with the noise of "We're Number One" cheers and the wailing of sirens and blasts of horns.

The parade went to Madison on Route 203, and turned left down Third Street, into west Madison, north on Madison Avenue to 12th Street and then to the Madison High School.

All along the parade route, well-wishers were standing, each with a single index finger raised high indicating "No. 1."

The Madison gym then filled with a large gathering of fans and the Trojan band played the Madison High School fight song as the audience clapped in rhythm.

Superintendent of Schools John Palchew, with microphone in hand, shouted "We're Number One!" and the crowd roared approval.

Madison Mayor Mike Sasyk, who organized the parade and welcome, then said:

"Words cannot express how great a moment this is to everyone in Madison, and we will show our appreciation even more when we hold a special dinner for the team."

Other dignitaries introduced who expressed their admiration for the basketball Trojans were: Mayor William M. Ebersold of Venice, State Senator Sam Vadalabene, State Representatives Joe Lucco and Jim McPike, Talmage Fisk, president of the Madison School.

500 hear candidates

By WALTER F. STRANGE

Press-Record Staff Writer
Mayor Paul Schuler asked a crowd of 500 people Friday night, gathered in the Granite City High School South cafeteria, to re-elect him for another four years based on his accomplishments during his first term as mayor and goals he has set for a second term.

Daniel J. Partney challenged the mayor's statements and spoke of what he considers new and different means, not tried before, to solve what he described as "a lot of problems."

A debate format was followed, each allowed a 20-minute opening statement, followed by questions from the audience, with a final 15-minute statement by each candidate.

Schuler, speaking first, said:

"In the four years I've been mayor of the City of Granite City, the city has applied for and received \$15 million in grants for improvements throughout the city."

Projects listed as being funded were \$5,861,175 for the Granite City wastewater treatment plant, \$2,250,000 for

construction and \$86,000 for design of a West Granite rail overpass, rehabilitation and repair of Nameoki area sanitary sewers \$238,000.

Improving signalization and improving intersections throughout the city \$500,000; street signs and striping for traffic safety, \$72,000; televising and grouting of the sanitary sewers system throughout the city, \$561,831; security systems for senior citizens, \$125,000; repair of sewer breaks, \$882,327; purchase of four ambulances, \$56,000; and funds for salaries of manpower employees under the Comprehensive Employment Training Act, \$615,031.

Schuler went on to point out that, in addition to projects made possible through securing of the \$15 million, his administration purchased two new firetrucks for \$58,000; constructed the new Nameoki fire station, \$154,000; and installed a new "opticom" system at traffic signals, all from federal revenue sharing money.

The mayor went on to name

On and off the record War veterans decreasing but still exceed 29 million

America's Vietnam veteran population grew by 505,000 during 1976, according to the latest figures, announced Friday by the Veterans Administration.

Overall veteran population increased by only 139,000 due to deaths in the veteran population from other wars. Total veterans as of Jan. 1 in civilian life numbered 29,746,000.

Vietnam-era veterans total 8,418,000. Peacetime veterans

who served between Korea and Vietnam number 3,080,000, or 8,000 less than a year ago.

World War II's veteran population continues to be the largest part of the count with 13,251,000. This is 207,000 less than year ago.

Korean war veterans number 5,336,000, or 30,000 less than a year ago.

World War I veterans now number 809,000, which is 55,000 less than on Jan. 1, 1976.

There are 551 living veterans from the Spanish-American War, but their number decreased 104 during the past six months.

Weather outlook for this region

Sunny and warm today with high in the mid-70s. Clear and not so cold tonight. Low in the mid to upper 40s. Partly sunny and cooler Tuesday with high in the 60s. Partly cloudy Wednesday and Thursday with chance of rain on Friday. Highs for the period in the 60s to low 70s. Lows in the 30s to low 40s.

NICK J. PETRILLO

RONALD COLEMAN

RUSSELL D. ROBINSON

3-way treasurer race

Petrillo

One of three candidates seeking election to the office of city treasurer of Granite City on April 5 is Nick J. Petrillo, a lifelong resident and a businessman.

Due to the retirement of current City Treasurer Paul Rutledge, there is no incumbent seeking the position.

Petrillo comments, "I admire and respect the high quality of service Mr. Rutledge has given to the people of Granite City during his terms as city treasurer."

"If elected to this office, I feel I could maintain his steady pace and would strive to further upgrade the dignity and efficiency Mr. Rutledge has achieved."

A graduate of the Granite City elementary and high schools, Petrillo is married to the former Flora Reading.

They have three sons, Nick, Gerald and Don, also graduates of the local school system, and two grandchildren. The three sons also are graduates of

(Continued on Page 23)

Coleman

Ronald Coleman, 2445 Woodlawn Ave., an Emerson School physical education teacher and Seventh Ward alderman, is a candidate April 5 for treasurer of the city of Granite City.

"It has been a great honor for me to serve the citizens of our city as an alderman for the past four years," he comments.

"During my term as alderman, I have served on various committees, the most important being the finance committee, which is responsible for preparation of the annual budget."

"I have been chairman of the finance committee for two years."

"In addition to preparing the budget, we are responsible for making any necessary amendments during the fiscal year. This is to insure that all departments are properly funded."

"I have worked closely with our present treasurer and city clerk in all phases of our city's

(Continued on Page 23)

Robinson

Russell D. Robinson, 45, of 2324 Emert Ave., is seeking the position of city treasurer, a job which will be vacant upon the retirement of Paul Rutledge this spring.

He is married and has five children and two grandchildren. Robinson has been active in community and veterans' organizations for many years.

These activities include having been a past commander of American Legion Post 113, a lifetime member and past commander of Amvets Post 51 and a member of the Veterans of Foreign Wars, having served four years in the Navy.

He is a member of OATH, an organization dedicated to the advancement of the handicapped, and is currently a board member of the Tri-Cities Area United Way.

Robinson is an employee of Granite City Steel and has been a member of Local 67, United Steelworkers, for 28 years. He has served as an officer and committeeman of his union for

Dishwashers made easy

By VIRGINIA KNAUER

When I remodeled my kitchen recently, I wanted to make an addition—a dishwasher.

Not being an appliance expert, I decided to see what consumer information the federal government might have on dishwashers before I made my selection.

Fortunately, the government, as part of its product information sharing program, has published a booklet called "Dishwashers."

Since I found the information helpful, I want to share some of the booklet's main pointers with you.

According to the booklet, at least 17 million dishwashers are now being used by Americans.

There are three main types:

1. Portables—which are normally used in houses or

(Continued on Page 21)

Hospital project support voiced

By HARRY BARNES

Press-Record Staff Writer

Eleven persons, including officials of St. Elizabeth Hospital, told a public hearing at the City Hall in Granite City Thursday night that proposed \$18 million expansion of the hospital's facilities is necessary if growing health-care needs of the Quad-City area are to be met in the future.

Those who testified were unanimous in their opinions that enlargement of hospital facilities in technical, social services and other fields is necessary if a complete medical care program is to keep pace with the area's growth and changing needs.

No opposition to the hospital enlargement program was

presented during the hearing, which began at 6 p.m. and concluded at 7:10 p.m.

Robert W. McComb, health economist of the Greater St. Louis Health Systems Agency, hearing officer, said the oral and written testimony of those addressing the hearing will be reviewed at three other meetings this month and in April as the basis of recommendations which will be sent to the Illinois State Health Facilities Planning Board.

Written copies of testimony given at Thursday night's hearings were submitted by the speakers to McComb, who said that the Health Systems Agency will accept further written comments on the hospital project through 5 p.m. March 17 at its office in St. Louis.

The testimony, he said, will be reviewed in a meeting of the agency's Acute Care Task Force at 3 p.m. Tuesday, March 22, at a meeting of the Planning Review Committee at 7 p.m. Wednesday, March 23, and finally at a meeting of the Health System's executive board at 7 p.m. Wednesday, April 6.

The March 22 and 23 meetings will be held at the offices of the Greater St. Louis Health Systems Agency on the 15th floor, 915 Olive St., St. Louis.

(Continued on Page 21)

many street improvements paid for by federal revenue sharing funds.

The mayor emphasized that city income has increased \$600,000 a year, and "the money is not coming from real estate taxes."

"One of the most significant accomplishments the past four years has been to hold the line on taxes," Schuler said.

The mayor cited increased numbers of jobs and the attraction of new businesses and industry, such as the new Archer-Daniel-Midland soybean processing plant and the multi-million-dollar Crossroads Shopping Center, along with other projects that have created work in various construction trades.

Mayor Schuler noted an increase in assessed valuation to \$180 million from \$165 million. "What this means is that the city was able to provide more services to the citizens of Granite City without increasing taxes," he stressed.

In Partney's opening remarks, he challenged the validity of such accomplishments.

He alleged that Maryville Road extension costs increased \$450,000 because of Schuler dragging his feet.

Partney compared the new ADM plant with the former ADM-Union Starch plant that once employed 500 people.

Partney raised an objection that the city engineer does not live in Granite City and said the Crossroads center was under way before May 1973.

"I would be ashamed to take someone to one of our council meetings and show the way they act. That's why I do not attend council meetings," Partney said in explaining allegations of "lack of interest in the city government."

Partney said, "I have not made one job promise to get help from people," but conceded that friends may have. He said he would have a citizen screening committee and would run the city like a business.

Mayor Schuler noted, "In 1973, we advertised for three months for an engineer from Granite City and did not get even one applicant. We went to talk to several local persons with the qualifications and they would not take the job, so we were forced to hire someone outside the city."

Asked, "Why would you not let radio broadcast the debate here tonight?" the mayor said "I did not say they could not, but when I heard from the operator of the station the rules had already been established."

Partney said, "I was in favor of the radio broadcast and I was willing to pay the entire cost. I feel it's vital for the people to hear what is said."

"Responding to a question, Mayor Schuler said, 'I received a request from the safety director of A.O. Smith Corporation asking us to give consideration to an ambulance in West Grant. I am sure that in the near future there will be an ambulance there.'

Partney told the debate gathering he would resign as a County Board member if elected mayor.

Schuler said, "There is just as many street problems in each ward and you must remember also that 14 elected aldermen help make the decision."

Partney said, "There are 10 not much to work with in each ward. I would establish a street priority project and spend the entire \$210,000 on a specific project."

Partney was asked, "When you campaigned for the county board you went around Kirkpatrick Homes making a lot of promises about playground. What happened?"

He replied, "I did not promise a playground, but to help clean up the playground. The housing board is appointed by the mayor. I have no authority there."

"Do you plan to turn the ambulance service back over to Thomas ambulance?" Partney was asked.

Partney said, "It seems a shame that a critical issue is becoming a campaign issue. The city is approaching the problem in the wrong means."

"I would like to see a four-township ambulance program. I intend to award the ambulance service to an outside firm, but not Thomas."

Schuler said, "I agree this should not be a political issue and I don't know why it was brought up. I have no money to devote 100 per cent of my energy as mayor."

The floor was then opened by Moderator Ronald Pennell for audience questions, allowing two-minute responses from both candidates.

Partney said, "I have not made one job promise to get help from people," but conceded that friends may have. He said he would have a citizen screening committee and would run the city like a business.

Mayor Schuler noted, "In 1973, we advertised for three months for an engineer from Granite City and did not get even one applicant. We went to talk to several local persons with the qualifications and they would not take the job, so we were forced to hire someone outside the city."

Asked, "Why would you not let radio broadcast the debate here tonight?" the mayor said "I did not say they could not, but when I heard from the operator of the station the rules had already been established."

Partney said, "I was in favor of the radio broadcast and I was willing to pay the entire cost. I feel it's vital for the people to hear what is said."

A. O. Smith

(Continued from Page 1)

agreement terminated the threat of a strike which had been scheduled at midnight tonight if contract terms had not been resolved by that time.

The strike vote was taken on Sunday, March 6, and a seven-day strike notice delivered to company officials on Tuesday, March 7.

A spokesman at the A.O. Smith plant said today that officials there had no comment in regard to the new contract.

The new contract provides a wage increase of 5.5 per cent for the first year, and 25 cents per hour each for the second and third years, according to William Ward, president of Local 1715 UAW.

The contract covers approximately 1,600 United Auto Workers members, he said.

Fringe benefits included provisions for retirement after 30 years with a schedule of retiree payments over a three-year period and paid-up life insurance of \$13,000 for retirees.

An increase from \$1,500 to the previous contract, Herring said.

The new contract also includes a full cost-of-living allowance adjustment based on the cost-of-living index, he said.

The insurance provisions also include an increase in life insurance from \$10,000 in the old contract to \$13,000, he said.

Insurance provisions for dental care were added.

"The contract also provides many benefits in the way of contract language," the union spokesman said.

Negotiations of a new contract were conducted since the end of the old contract under contract extensions allowed by the union on a day-to-day basis.

A question to Schuler was, "What have you done or are doing for downtown Granite City? Some of the stores have moved to Crossroads?"

The mayor replied, "Fortunately, even though they may have moved, the stores did stay in Granite City. Downtown areas are failing over the entire country and there is no solution."

"On a long range, the West Grant overpass at 19th Street will help and we do have new businesses opening downtown."

A new restaurant has opened and there has been a new lease signed at the P.N. Hirsch building.

Partney said, "There are a lot of downtown areas that have been revitalized and new businesses brought in. I have not yet heard when the overpass will be complete."

Schuler was asked, "Why is the crosswalk on Maryville Road so far away from the Lexington subdivision, and can it be moved closer?"

He said, "The location was a decision by the engineers and the Madison County highway department. I am sure any changes within reason can be made."

Tuition hike

Tuition will be increased at Southern Illinois University this year for the first time in six years.

The SIU Board of Trustees voted Thursday to increase tuition at all campuses of the university.

The increases affecting the local campus are: \$30 per quarter or \$90 per academic year for undergraduate students; \$40 per quarter or \$120 per academic year for graduate students; and \$80 per quarter or \$240 per fiscal year for dental students, who attend school on a year-around basis.

Currently, undergraduate, graduate and dental students pay the same tuition, \$143 per quarter, if they are Illinois residents. The rate for out-of-state residents is \$429 per quarter.

The increase for dental students will be effective with the beginning of the fiscal year July 1; the other increases will take effect with the fall quarter, in September.

Added time to turn in student fees

A policy approved Thursday by the Southern Illinois University Board of Trustees will grant additional time for students at the local campus to pay fees.

The new policy will permit payment of student fees through the second week of classes in a quarter. Included in the policy is a regulatory fee to be assessed students who wait until the second week of classes to pay fees.

Previously, the university required payment of student fees in advance. SUE registration occurs during the tenth week of the quarter, which leaves only two weeks for payment of fees for the succeeding quarter.

University officers said the new policy will be advantageous to both students and the university. The additional time provided may reduce the previous tendency toward lengthy lines at the busar's office, a problem which inconvenienced students and overloaded the busar's staff.

In addition to providing a more efficient collection process, the new policy is expected to assist students who have problems in obtaining funds to pay their fees.

The late payment or regulatory fee to be assessed students who wait until the second week of classes is intended to encourage payment prior to that time and prevent continuation of existing rush periods at the busar's office.

Extension of the payment deadline will not affect the university's reporting of credit hours or certification to external agencies regarding financial assistance programs. The official enrollment reporting day for the university is Friday of the second week of classes.

REVIEWING BRIDGE LEDGER. Thomas Fields, standing, new McKinley Bridge manager, explains bookkeeping systems to Richard Gonterman, seated, newly-appointed office manager at the bridge, which is owned and operated by the city of Venice. Fields formerly was the bridge office manager. He was named this month to the new position during a meeting at which the council also hired Gonterman. (Press-Record Photo)

Journalism students to attend conference

Journalism students from Coolidge Junior High School will participate in the 20th annual Junior Journalist Press Conference to be held at Washington University, St. Louis, on Tuesday.

Miss Dorothy Hinson, journalism sponsor at Coolidge, and Linda Welty, a member of the Tom Tom staff, will preside at a special session at the conference.

The conference will investigate whether the media should reflect or affect the news.

Purpose of the conference is to expose junior and senior high school students to professionals in the field of journalism and to those in related fields affected by the news media.

Approximately 1,200 journalism students and newspaper sponsors from Illinois and Missouri will be expected to attend the news conference this year.

Gene Tuck, St. Louis TV newscaster will give the keynote address to area junior and senior high school students.

The conference will include a morning writing contest, a photography contest and workshops and sessions featuring guest speakers representing journalism media and related fields.

Speakers at the conference will include Betty Lee, editor, Proud Magazine; Jeff Lightborn, public relations director, Ralston Purina; Bill Wilkerson, broadcaster, KMOX; Ron Nichols, KMOX-TV; Chuck

Strantz, media consultant, Hazelwood School District; Ron Marx, media consultant, Clayton School District; Greg Marecek, St. Louis County Journalist; Peter Donohue, editorial writer, St. Louis Post Dispatch; Jim Millstone, assistant managing editor, St. Louis Post-Dispatch; Anita Lamont, feature writer, St. Louis Globe-Democrat; Richard Schultz, director, St. Louis Zoo; Charles Hoessle, curator, St. Louis Zoo; Mrs. Margaret Dagen, senior specialist for admissions, Washington University, Mark Klose, Radio Station KSHE.

The Press Conference is sponsored by Sponsors of School Publications in cooperation with Washington University, Women in Communications and the Society of Professional Journalists.

Chairman of the 1977 Press Conference is Miss Betty Lavelle of Granite City, a teacher at Hazelwood High School currently serving as vice-president of Sponsors of School Publications.

Chairman of the 1977 Press Conference is Miss Betty Lavelle of Granite City, a teacher at Hazelwood High School currently serving as vice-president of Sponsors of School Publications.

GRANITE CITY PRESS-RECORD Mon., March 14, 1977 Page 3: Lack funds for bill payment

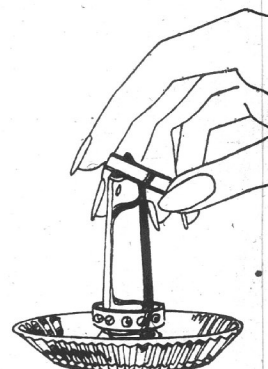

The Chouteau Town Board of Auditors declined to approve a bill for road signs during its last meeting.

The auditors noted there was not enough money in the highway department's account for signs to pay the \$2,100 bill from Consolidated Sign Co., and cited advice from the township's public accounting firm that payment of bills exceeding the budget may be a violation of law.

In other business, a letter was read from the Illinois Conservation Department in response to an inquiry by the township on the cause of a fish kill in Long Lake.

The conservation letter noted a specialist had investigated the fish kill and found it was the result of a shortage of oxygen in the water. Severe cold killing many oxygen-producing plants was blamed and it was noted similar fish kills were noted in many areas, including Horseshoe Lake.

The board also was told that construction of the combined town hall and community center building is being aided by good weather and workmen have been on the job daily. The roof may be put on this week, if the weather allows the present rate of progress to continue.

Ring up

From Waterford, a hand-crafted, full-lead crystal ring holder for keeping her precious and semi-precious rings in order. Sparkling spiral displays them beautifully and keeps them from getting lost in jewel boxes, glove drawers, etc. And remember, Waterford is hand made in Ireland and grows in value as the years go by. 12.50

SUFFERS BURNS

Melvin Razor, 58, of Trail 134, Pontoon Beach, an employee of the Luria Brothers Scrap Metal Co., suffered third-degree burns caused by a spark while using a cutting torch, according to a company spokesman. He was wearing protective leather clothing but a shirt collar was allegedly exposed causing the fire. He was taken to St. Elizabeth Hospital where he was admitted. He suffered burns to his right arm, right shoulder, neck, back and chest.

BEN KERNERS BECOME PARENTS OF 2ND SON

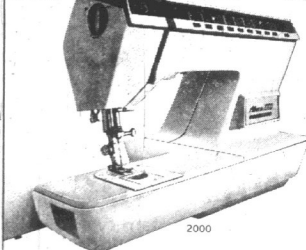

Mr. and Mrs. Ben Kerner of Ladue, Mo., have named their second son, Kyle Robert. The infant was born March 4 at Barnes Hospital, St. Louis. He weighed seven pounds, two ounces.

The mother will be remembered as the former Miss Jean Bilbrey of Granite City. The father, now semi-retired, owned the former St. Louis Hawks professional basketball team.

Mr. and Mrs. Kerner also are the parents of Benjamin Joseph, 3 years.

Mrs. Mary Bilbrey of Granite City is the maternal grandmother and Mrs. Lillie Hargis of Bumpus Mills, Tenn., is the maternal great-grandmother.

Job prospects are brighter in technical fields

Employment prospects for some of this year's college graduates appear to be shaping up as the best in several years, according to David Van Horn, director of University Placement Services at SIUE. However, prospects may still be limited for many graduates in non-technical disciplines.

At the bachelor's degree level, 49 per cent more offers were reported than at the same time a year ago. At the master's level, volume of offers was up 74 per cent, and at the doctoral level it was 73 per cent higher.

The number of salary offers to women rose 68 per cent over last March at the bachelor's degree level. The volume for men went up 45 per cent.

Despite these gains, the proportion of women's offers to total bachelor's degree volume remained at only 18 per cent, Van Horn said.

At the master's level, volume of offers for women increased 80 per cent over last year, while men received 60 per cent more offers. The women's share of total volume was up 16 per cent.

All bachelor's disciplines benefited from this year's increase in employer activity. Business disciplines rose 53 per cent in volume, sciences were up 51 per cent and engineering categories were 45 per cent higher. The largest increase of all was in the humanities and social sciences with a 70 per cent gain.

Engineering continued to be the functional area attracting the most employer interest.

Retailers' theme—needs of customers

The Illinois Retail Merchants Association will hold its 1977 annual meeting at Nordie Hills, Itasca, April 13-14. IRMA President Hugh E. Muncy has announced. The program focus will be on serving, protecting and communicating with the retail customer.

Theme for the day-and-a-half meeting is "The Customer." Featured topics will include consumer credit, non-merchandising customer service, channels of communication, health and safety, customer behavior, legislation and the marketplace.

Keynote will be Robert F. Froehle, president, Health Insurance Association of America. Dr. Aubrey C. Daniels, president of Behavioral Systems, will be

featured at the banquet session April 13. Governor James R. Thompson will address retailers at a luncheon April 13.

The annual meeting program was developed in response to retailers' concern that today's business climate is eroding the personalized retailer-customer relationship. More and more merchants are seeking ways to restore old-fashioned service," said Muncy.

All Illinois merchants are eligible to attend. Advance registration fee is \$34.75. The IRMA is the only statewide organization exclusively serving all phases of retailing.

Basarich and Bailey rivals in Fifth Ward

Steve A. Basarich, an incumbent alderman in the Fifth Ward, is seeking re-election. He has served 20 years on the City Council and seeks a new term.

A veteran of World War II, he served in the U.S. Navy from 1943 to 1946.

While on the City Council, he has served as chairman and member of such committees as the Pollution Plant Committee, Finance Committee and Street Light Committee.

If re-elected, he will continue to give the same service as in the past 20 years," he comments.

"Improvements that have been done in the West Granite area include curbs and gutters for Harding, Roosevelt and West 22nd Street, and blacktopping of Rock Road and Cayuga Street.

"As chairman of the street lighting committee for the past 18 years, I have upgraded the lights in the area.

"The new fire station was built during my terms in office. We are also planning to install ambulance service at the fire area of our people's use in the 5th Ward.

"In the Lincoln Place area, the street and alley lighting systems were upgraded, a whitewash system installed on Niedringhaus Avenue, the 1800 and 1900 blocks of Spruce-Street improved, and Olive, Maple and Chestnut streets curbed and gutted.

"In the Tri-City Park area, Meridian Street was improved and 13th Street is in the process of being curbed and gutted this year.

"Lighting systems also were improved. The school crosswalk on Edwardsville Road at 12th Street was just this year.

"These are just a few of the improvements and services. I will continue to serve the people of the 5th Ward in the future, if re-elected.

"I work closely with the mayor and City Council and will continue to do so in order to continue to get services and improvements for the 5th Ward and the city," Basarich concludes.

He is a native and lifelong Granite Cityan and became associated with the Pinkerton Agency following service as a Union Starch & Refining Co. and Miles Laboratories foreman and supervisor.

Basarich, 63, has many church and organization affiliations and was an organizer and first president of the Lincoln Athletic Club.

A father and grandfather, he has served as a scoutmaster and has managed and directed girls' basketball and softball teams and also boys' basketball teams in the 1930s and 1940s when widely-known stars received their early training at the Lincoln Place Community Center.

He lives at 1720 Poplar St.

HURT IN ACCIDENT
Larry Hunter, 37, Fairmont City, was taken by ambulance to St. Elizabeth Hospital after suffering injuries in an auto accident last week. He hit his chest on the steering wheel and suffered a bruised right knee, a cut to the forehead and back pains. X-rays were taken and he was transferred to Centerville Township Hospital.

CAR WASH DAMAGED
A manager at Granite City Car Wash, 3653 rear Nameoki Road, reported Thursday that four coin boxes located inside washing stalls were broken into by prying off the locking devices, causing about \$800 damage to the machines. He said no monies were taken because the coin boxes had been emptied the night before.

FIRE LOSS IS \$50
An overheated blower motor in a furnace caused about \$50 damage at the home of Mildred Haws, 2528 Grand Ave., last week. Firemen were on the scene 20 minutes.

Arab-Israeli course

The department of historical studies of Southern Illinois University at Edwardsville will be offering during spring quarter a course on the Arab-Israeli crisis in the Middle East, to be taught by Samuel B. Grant, assistant professor of historical studies.

Offered at Scott Air Force Base near Belleville, the course will cover two developments which, according to Grant, seem to be at the heart of the current Middle-East crisis.

These are, he said, "First, the Arab-Israeli conflict which has arisen as a result of the mutually conflicting claims of two nationalist movements, Zionism and Palestinianism, over the same territory. And second, the struggle for oil and the fact that the Persian Gulf region has become one of the world's greatest sources of petroleum."

Grant said emphasis will be placed on the former and added that this will include an "analysis and evaluation of Jewish nationalism, or Zionism; Arabism; Palestine under the British Mandate; the creation of the state of Israel; Arab-Israeli relations from 1948 and 1976; and Palestinianism."

"The purpose of this course," said Grant, "is not to determine who is right and who is wrong; for both sides can reach with assurance to some authoritative source — legal as well as moral — to support their position."

"Rather the purpose is to understand the claims, actions, and tangible interests of all parties involved... the Israelis, the surrounding Arab states, the Palestinians, and the world powers."

Grant said the course has been taught "off and on" at SIUE for four to six years. He said it is considered a history course rather than a government course because "The roots of the controversy go way back," with all local parties having claims, secular and religious, that go back as far as Biblical times.

The course content is fascinating to Grant, he said, because, "The Middle-East war is a living controversy," with legitimate claims being made by the Arabs and Jews.

It is, however, he said, "very hard to objectively learn about the controversy and be unemotional about it."

Students all have their own feelings about the Middle-East crisis, according to Grant. He said that to take his class out of this "subjective" state of mind,

he begins the course by having all students get "everything off their chests" on how they feel about the Middle-East war.

He said, "The purpose of this course is not to arouse emotions, but rather to analyze and evaluate our emotions and the emotions of the Middle East participants as well."

Since the oil-rich Arab countries are fighting with Israel, how does this small yet militarily strong country get oil? "From Iran," said Grant.

And, according to Grant, the Western world had altered its stand for Israel slightly because of the need to import oil from the Arab countries.

The United States is "divided," said Grant. It feels the importance to remain on good relations with the Arab countries because of oil, but it also feels a comradeship toward the "last truly democratic nations" in the Middle East.

Grant said that the U.S. is in an awkward position because any action taken toward one country is criticized by the other country.

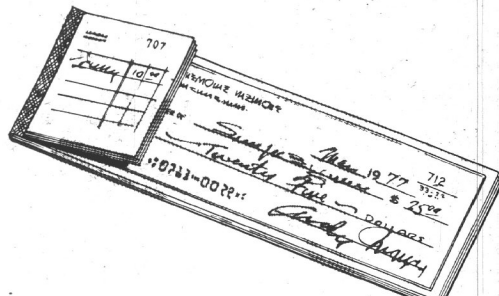

He also said that it is not in the power of the U.S. to solve it.

Grant said he feels the responsibility is primarily up to the Israelis to make the primary concession, particularly territorially, but in no way does this mean the Israel shouldn't exist as a nation.

The course will meet on 10 consecutive Wednesdays between March 30 and June 1 from 5 to 9 p.m. Grant said time will be set aside in each class period for both lectures and discussion.

Rape, obscene calls are BPW topics

Rape and obscene telephone calls will be topics covered by three speakers who will address the Granite City Business and Professional Women's Club at its 6:30 dinner meeting Wednesday night at Charlie's Restaurant.

Barbara Harris and Judy McNeilly, members of the Crisis Intervention Program currently being established on the Southern Illinois University campus at Edwardsville to help victims of rape and sexual abuse, will speak on "Rape."

Rosalie Stern, a Bell Telephone Co. employee and a BPW member, will discuss practical methods of handling obscene telephone calls. Although the deadline for

dinner reservations was yesterday, any working woman in the community is invited to attend and hear the program. Those interested may contact Mrs. Betty Nugent, chairman at 876-6038, or Mrs. Lois Wetton, at 877-3438, after 6 p.m. for information regarding the time schedule.

Working McNeilly, 2440 State St., is a psychology major at SIUE involved in graduate studies in counseling. She received the Ester Ott Estes Award for excellence in women's studies, was associated with St. Louis Rape Crisis Center for three years and served as chairman for the Task Force on Rape for the Metro East Chapter of the National Organization for Women (NOW).

Miss Harris, 2326 Ivy Lane,

earned her B.S. in education from SIUE and presently is working toward master's degrees in sociology and counseling. She is a graduate assistant with the SIUE Teacher Corps Project and a member of the Dean's College, Kappa Delta Pi National Honor Society in Education and the NOW Task Force on Rape.

As part of the group actively involved in establishing a Crisis Intervention Program at SIUE, the two women are helping to arrange a "Speak Out on Rape" project at the Goshen Lounge at SIUE on April 7, and an all-day workshop on April 8 for all segments of the campus and community dealing with various aspects of rape.

Fashion show in Venice

Several ministers will participate as models in a fashion show and tea sponsored by the Mothers of the Southern Missionary Baptist Church, 921 Bissell St., Venice, at 4 p.m. Sunday, March 20, in the Venice Recreation Center, 305 Broadway.

Pastors who will participate are the Revs. S. L. Calhoun, Norrel Woolfolk, A. G. Williams and Walter Walters.

Charge burglary in information

An informational document issued by the Madison County state's attorney's office last week named Johnny Carr, 1102 Kirkpatrick Homes, on a charge of burglary on Dec. 14, 1976, of Doris' Cafe, 1820 State St. An undetermined quantity of change was reported stolen during the restaurant burglary. Bond was set for Carr at \$10,000. He is free on bond of \$100 in cash and on his own recognizance.

Hits parked truck

Christopher Walters, 16, of 2801 Forest Ave., suffered minor injuries when his auto, enroute in the 2400 block of Wilson Avenue, crossed to the left shoulder and struck a parked Illinois State Highway Department truck at 8:45 p.m. Sunday.

Walters was charged with reckless driving and driving on the wrong side of the street. His injuries did not require hospital treatment.

UNDERCOATING—RALPH'S TEXACO 22ND & MADISON AVE.

Ambulances arrive for city service

Emergency ambulance service by the Granite City Fire Department will begin at midnight Tuesday night with four ambulance units which arrived here during the weekend.

Fire Chief Don Parente said the ambulances were driven here from Springfield, Ill., Saturday to be used as "loaners" until four newly-purchased ambulances are made available by the Foster Coach Sales Co. of Sterling, Ill.

Under bids by the Foster firm, delivery of the new units is scheduled in about two weeks.

Parente said his department has completed arrangements for three separate operating points, with one ambulance held in reserve.

Ambulances will operate out of a station at St. Elizabeth Hospital, at the No. 1 Fire

Station at 23rd Street and Madison Avenue, and at the No. 2 Fire Station at Richmond Avenue and Johnson Road. Ambulance service will be available by calling 877-4747, Parente said.

While ambulances are to operate primarily in Granite City under terms of a grant, local ambulances will make calls to other points in instances in which service is not available from Thomas Ambulance Service, which still is operating two ambulance units.

Parente said that calls for ambulance service outside the city will be relayed first to Thomas Ambulance Service. It that service is unable to make the call, Granite City will respond on a "backup basis," the fire chief said.

Purchase of the four ambulances was made possible by a \$56,000 grant by the Illinois

State Health Department and the Department of Transportation. The grant provides 70 per cent of the cost of the ambulance units, which are fully equipped.

Seventeen men now in training as emergency medical technicians at St. Elizabeth Hospital are now completing the course and are scheduled to receive EMT certificates Friday.

However, Parente said, the men in training are considered sufficiently advanced in the course to begin work and they will be assigned to eight-hour shifts at the ambulance stations.

Seventeen men provided under the Madison County Manpower program and three newly-hired city firemen will man the ambulances around the clock with two men to a shift at each station, Parente said.

The city made plans to initiate its own ambulance service after Thomas Ambulance Service informed the city in late January that because of problems in financing ambulance service, it planned to cut back its service on March 15 to a point which would not be adequate to serve the city and the area.

Thomas Ambulance Service informed the city that it will serve as a backup with the units it continues to operate.

Other municipalities and townships in the Quad-City area are investigating methods of establishing such service in their respective areas.

Alex W. Miller dies

Alex W. "Dutch" Miller, 68, died Friday at 6:50 p.m. in Memorial Hospital, Belleville, where he had been a patient for the past seven days.

Born in Glen Carbon, he was a retired manager of the Railway Express office in Springfield, Ill. He was active with the Fairview Heights Senior Citizens Club, Mr. Miller's hobby was bowling.

He is survived by his wife Mrs. Dorothy (Keiser) Miller; two sons, Herman Lee Miller of Columbus, Ohio, and William A.

Miller of Aurora, Colo.; three brothers, Albert Miller of Granite City, Ray Miller of Brighton, Colo., and Elton Miller of Miami, Fla.; six sisters, Mrs. Lydia Nelson, Mrs. Dale (Kay) Arnette, Mrs. Mae Bernard and Mrs. Richard (Thelma) Sues, all of Granite City, Mrs. Mildred Taylor of Brighton, Colo., and Mrs. Walter (Dorothy) Wydra of Glen Carbon, and two grandchildren.

Funeral arrangements are listed in today's obituary column.

BAC board to meet here

The Board of Education of Belleville Area College will conduct its March meeting in Granite City this week. The board will conduct its regular monthly meeting on Thursday at 8 p.m. in the offices of the Granite City School Board, 20th and Adams streets.

The seven-man board represents the BAC district which includes the Quad-City area. The board conducts monthly meetings at various locations within the district.

Madison's 'great season' ends with Class A basketball crown

GRANITE CITY PRESS-RECORD Mon., March 14, 1977 Page 8

"They deserve to be state champions."

The words referred to Madison High School's 1977 basketball players, conquerors of all they surveyed in the Class A state tournament and 71-65 victors in the title game Saturday night at Champaign. Voiced by Richard Pick, coach of the state runner-up Aurora Central Catholic quintet, the words of praise for Madison were echoed by thousands of fans at the tension-filled tournament Friday and Saturday and at festivities here Sunday afternoon.

Coach Larry Graham's reaction was, "A great season — how sweet it is!"

"All year long, we have played well enough to win our games," the coach said after the championship game. And win the Madisons did, chalking up 23 triumphs to three losses, including a clean sweep of the eight tournament contests.

Madison beat Lovejoy of Brooklyn 84-76 and Freeburg 76-57 in the Columbia region and defeated Lebanon 72-70 and Livingston 76-57 in the Vandalia sectional before trouncing Robinson 72-48 in the super-sectional play at Charleston.

In the "elite eight" quarterfinals, the Trojans played "a super game," in Coach Graham's view, as they led all the way after an early 6-4 deficit and overpowered Morrison 65-49.

A 25-point winner over Eldorado during the season, Madison had to battle from behind to tie that team 59-59 in the regulation time of their semifinal clash Saturday afternoon at Champaign. The Trojans then dominated a three-minute overtime session to win, 65-61. "We came out flat and didn't play well, but we gutted it out," Graham concluded.

What do you say about a championship game, especially one in which your team has trailed 60-49 in 11-2? "It was a defensive ball game, and our defense won it," Coach Graham told the Press-Record.

Two games in one day are especially hard on our guards, but we were able to put pressure on them. The players tell us when they are tired, and we substitute for them."

After trailing 11-4 at the first quarter ended, Madison went ahead 14-13, 18-17, 24-23 and 26-24 and the half ended with a 26-26 deadlock.

"You need to establish momentum. We were rattled early when we were down, but we were able to run when they missed a few shots."

"Anthony King is our ball handler, and James Heard and Ron Morris are good defensive players. Along with Randall Jones and Ron Williams and the others we wanted to get the ball to Rodney Davis in the second half more often than we had in the first half," Coach Graham commented.

"We felt we needed to play man-to-man against a super-shooting club like Aurora Central. After we got a ten-point lead in the third period, hitting 12 out of 16 shots from the field, the game was ours."

Coach Pick, 24, in his first year as a head coach, summed up by saying, "Our players played as well as they could. Madison took away our inside game, and we had to work for our shots."

"They had hands and arms wherever we looked, and we just ran out of gas."

"Madison is the most talented club we played all year."

MHS pointmakers in the title game were Davis 18, Jones 17, King 14, Clayton Harris eight, Ron Williams six, Morris four and Heard and Lloyd Williams two each.

Also helping out were Anthony London and DeRodney Crochrell.

The Trojans finished with 33 field goals in 64 attempts for a torrid 516 pace to the Aurora Central Catholic Chargers' 447 or 21 of 47.

Foul calls totaled 15 against Madison and 12 against Aurora, with the Chargers cashing in on 13 of 20 free throws and the Trojans five of seven.

Rebounds were a decisive advantage for Madison, 41-25, with Davis snaring 11, Jones nine and King seven.

MHS led 16-12 in assists, including six successful near-the-goal passes by King.

There were ten turnovers by the losers and eight by the winners.

The tide of battle began to

turn almost immediately in the third quarter when Madison controlled the tempo and Harris scored on a follow-up. A Jones layup was sandwiched between Tom Kleckner's 12-footer and Greg Peters' two free throws as the score rose to 30-30.

Jones hit a jump shot, King banked in a ten-foot shot and Heard scored on a fast-break layup as Madison forced Aurora to take time out to regroup.

Jeff Strankmyer scored on an eight-foot jumper but King meshed a six-footer and Harris scored on a jump shot after a steal to make it 40-32 with 4:22 left in the period.

The Chargers were able to muster six more points during the quarter but Harris netted a 17-foot jump shot from the left corner, King a 14-footer, Morris a jumper from near the free throw line, Davis a goal from the middle of the lane and King a length-of-the-court drive and Madison was ahead 50-38 entering the fourth period.

Aurora narrowed the MHS lead to 52-42 and 60-49 but the Trojans continued to protect their advantage on two goals by Davis, a Ron Williams jump shot and two more Davis jump shots.

A three-point play by Jones made it 63-49 with 2:14 left and many of the 13,826 fans began to depart.

Davis added two free throws and Ron Williams and Morris scored on layups to boost the lead to 69-53 with 42 seconds remaining.

Kleckner scored for Aurora with 20 seconds left to boost in total to 17 points and after a steal by each team Ron Williams made a layup with three seconds remaining.

Joy reigned supreme among the Madison fans, who leaped into the air and mobbed the jubilant athletes.

After the awarding of the third-place trophy to Eldorado, a 76-72 winner over Mount Pulaski immediately before the championship clash, the Class A (750 enrollment and below) first-place trophy was presented to Madison High School.

The next day's celebration, parade and program in Madison climaxed the never-to-be-forgotten weekend.

CHAMPIONSHIP GAME of the state high school Class A basketball tournament in progress Saturday night at the University of Illinois Assembly Hall. Randall Jones (23) goes high on a scoring play. Other Trojans shown are Anthony King (11), James Heard (51), Ron Williams (35) and Rodney Davis (31).

2 Trojans leave on fouls but MHS wins 65-61 in overtime

Many a potential state championship basketball team has lost the chance by being upset in the pressure-packed semifinals, still trailed by five, 56-51, with 4:40 to play.

Jones cashed in on two turnaround jumpers to put Madison within one point of a tie.

After an enemy free throw, Anthony King made it 57-57 with a 14-foot shot from the right base line with 2:46 to go.

Missed shots plagued both teams and both took timeouts. When 66 seconds remained, Jones tipped in a missed Trojan shot and his team led 59-57.

Davis then fouled out and Eddie Lane calmly hit two free throws to deadlock the score.

Madison took time out with six seconds left on the clock but was unable to execute its planned play and a desperation 25-foot shot by

Madison ended with 2:42. In overtime, Madison got control and Jones made the first throw line, compared to 15 of 21, and committed 19 fouls to

ahead 61-60 with 2:13 remaining.

Clayton Harris banked in a 12-footer from the left side to put MHS ahead 62-61 as both teams proceeded cautiously.

Procedural infractions called by the officials caused possession to change hands, and fouls were called against Ron Williams (second) and Jones (fifth) with 1:04 and 0:27 left in overtime.

Ron Williams stole the ball with 17 seconds left to thwart an enemy scoring attempt.

Rough-and-tumble tactics developed as the seconds left, dropping both through the hoop for a 64-61 lead.

The Trojans avoided fouling their foes, and with a second to play James Heard connected on a free throw to provide the four-point victory margin.

Madison enjoyed a 40-30 rebounding edge and hit 28 field goals in 68 tries to the losers' 23 of 42.

MHS was nine of 14 at the free throw line, compared to 15 of 21, and committed 19 fouls to

Eldorado's 16.

The Trojans led in assists, 13-11. King getting seven and Heard four.

Scorers were Jones 26, Davis 14, King 10, Ron Williams six, Harris six, Lloyd Williams two and Heard, one. Rebounds included nine by Jones and eight by Davis. There were 17 turnovers by the Eagles and seven by the Trojans.

In the other semifinal game, Aurora Central Catholic eliminated defending champion Mount Pulaski 77-61.

SEMIFINAL VICTORY by Madison over Eldorado in the state Class A basketball tournament Saturday afternoon. MHS won 65-61 in overtime after tying 59-59. Clayton Harris (21) is shooting the ball. Other Trojans in the picture are Lloyd Williams (25) and Rodney Davis (31).

Track Trojans to see action

Madison High School's track and field Trojans will open their 1977 season today in a 4 p.m. meet at O'Fallon with a limited number of athletes participating in all events, according to Coach Steptoe.

"We have about 20 athletes out for the team," says Steptoe, "whereas some of the other area schools have 100 or more."

"But the athletes we have," adds the coach, "show much promise in their field of endeavor."

Six seniors head the Trojan team — Rodney Williams, Robert Booker, Mike Bartley,

Kevin Rogers, Alfred Crawford and Duane Bochanin.

Williams is slated for high and triple jump competition; Booker in half-mile and mile distance runs; Bartley in 400 and 800-yard events; Rogers in 440 relays; Crawford in triple and long jumps and pole vaulting; and Bochanin in 440 relays and two-mile runs.

Bochanin joins sophomores Marcus White and Earnest Davenport as returnees from Madison's 880-yard relay squad, which placed third in the state finals last year.

But, Steptoe notes, that event has been dropped at the state level after the addition last season of a two-mile relay event.

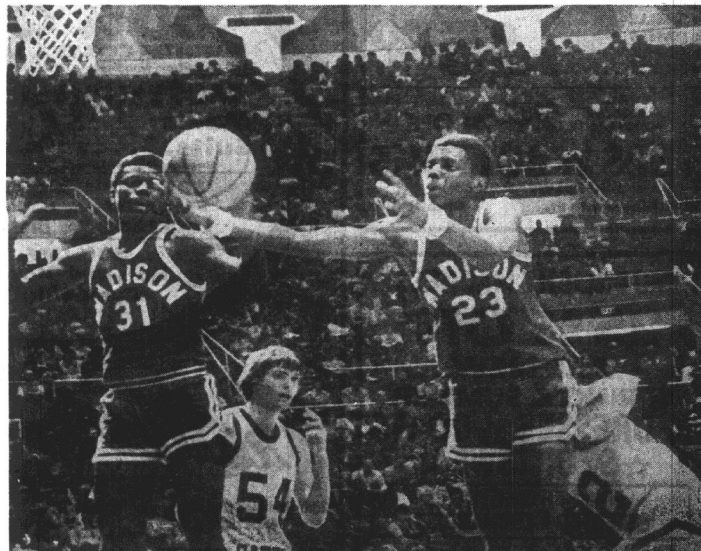

White and Davenport both are scheduled to compete in 440, mile and two-mile relay competition.

"As in the past," notes the coach, "we will again be weak in the field events but should be strong in the dashes and relays."

"Sophomore James Heard should give us added strength in the dashes."

A fourth foul was assessed with 6:41 left in the fourth period, and Davis departed with a fifth foul when there were 46 seconds remaining in regulation time.

Jones fouled with 3:32 left in the initial quarter, 3:50 and 1:48 remaining in the second period and 6:16 left in the third quarter. He avoided fouling out during the regular portion of the game but left with a fifth foul when 27 seconds remained in over-

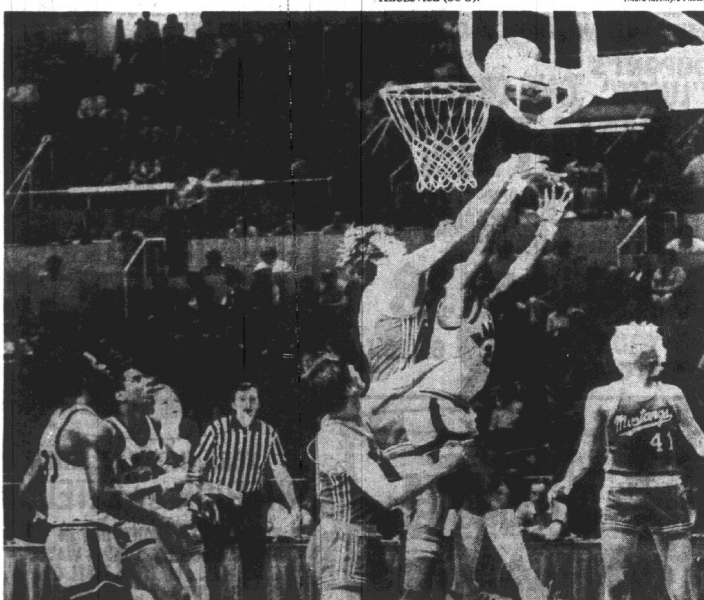

TITLE GAME TRIUMPH over Aurora Central Catholic Saturday night. The 71-55 win gave Madison High the 1977 Illinois Class A (750 enrollment and less)

basketball championship. Trojans shown during rebounding efforts are Rodney Davis (31) and Randall Jones (23).

GIRLS PLAY BASKETBALL, TOO. Although Madison High School boys' state championship this weekend garnered the biggest headlines, a spirited game was played here Thursday night by the varsity girls' teams of Granite City High Schools South and North,

with North beating South 67-22. Left to right are Susan Liebold (41-North), Katie Becherer (34-South), Debbie Schneck (50-N), Paula Wise (33-S), Laura Pineshrider (32-N) shooting the ball, Cheryl Schoofield (25-N), Mary Livingston (32-S), Tracy McIntyre (44-N) and Carla Knezevich (30-S).

QUARTERFINAL WIN OVER MORRISON. Friday night, The 65-49 victory enabled Madison High School to advance into Saturday's semifinal and final Class A basketball competition at Champaign. Trojans in

white uniforms are (left to right) Rodney Davis (30), Randall Jones (22) and Clayton Harris (20) shooting toward the goal.

(Press-Record Photo)

North, South girls' teams in regional cage tourney here

Fifty-six statewide regional cage tournaments begin tonight as the first-ever Illinois High School Association girls' state basketball tournament series makes its debut, including regional competition in the Semifinal competition in the Granite City Memorial Gymnasium, 3101 Madison Ave.

Six area teams are set to do battle this week for top honors in the GCHS North-hosted tourney—East St. Louis Senior High, Roxana, Cahokia, Edwardsville, GCHS South and the host squad.

East Side and Roxana open the action here tonight at seven o'clock, followed immediately

with a contest between GCHS North High and Cahokia.

The East St. Louis-Roxana winner advances into semifinal competition against Edwardsville at 7 p.m. tomorrow, followed immediately by a Benton sectional champion colliding for the right to advance into the state finals at Illinois State University at Normal for an April 1 opening-round contest against the Blue Island (Eisenhower) super-sectional winner.

The two Granite City squads clouded regular season action Thursday night in competition against each other in the Memorial Gymnasium, with GCHS North winning 67-22 over GCHS South.

Steelers' Cheryl Schoofield, a 5-3 junior, poured 32 points through the nets as Coach Debbie Holt's girls led 15-6, 38-9 and 53-13 at the quarters.

North made 29 field goals and Coach Pat Yates' girls' nine.

North also held the edge at the foul line, 9-4. South committed the most fouls, 21-16.

Seven different players scored for South High, which now has a 2-4 season record.

Carla Knezevich had five points, Donna Macies and Mary Livingston four each, Katie Becherer three and Ruth Beggus, Laura Gabriel and Paula Gendron, two each.

In addition to the 32 points by Cheryl Schoofield, North improved its season record to 7-4 with the help of Laura Pineshrider, 14 points, Sue Liebold eight, Shari Ripka and Debbie Schneck four each, Jan Baumberger and Kim Collins two each and Terri Bloomquist, one.

Gilbert Walsmales, North High principal has announced that tickets will be available at the gymnasium door prior to the start of each regional contest at a cost of \$1 per student with identification card and \$1.50 per adult.

Parents are being reminded that all students not in high school must be accompanied by an adult and must purchase a ticket.

Tickets will go on sale at the Memorial Gym door one hour prior to the start of the first scheduled game, since there will be no advanced ticket sale and no reserved seating.

15 multi-school track meets for Trojan team

Madison High School's track and field Trojans open their 1977 outdoor season today with a dual meet at O'Fallon starting at 4 p.m., the first of a long and active schedule for Coach Charles Septoe's athletes.

The schedule includes dual meets, and multi-school events, relays and invitational tourneys.

Madison's schedule:

MARCH

14—at O'Fallon 4 p.m.

18—at Dupo 4 p.m.

22—Triad and Collinsville here 4 p.m.

28—at Cahokia 3:30 p.m.

31—at Highland 4 p.m.

APRIL

11—Columbia and Alton Marquette here 4 p.m.

14—Belleville Althoff here 4 p.m.

16—at St. Paul of Highland invitational 9 a.m.

18—St. Paul of Highland here 4 p.m.

20—at Wood River relays 4 p.m.

21—Columbia here 4 p.m.

23—at Red Bud invitational at noon

26—at GCHS South for Madison County meet 4 p.m.

28—at O'Fallon relays 4 p.m.

30—at GCHS South for Granite City Classic 11 a.m.

MAY

3—at Roxana relays 4 p.m.

6—MHS and Central of Breese at Red Bud 4 p.m.

9—Lebanon and Waterloo High here 4 p.m.

13—East St. Louis Lincoln here 4 p.m.

16—Alton Marquette and Belleville Althoff here 4 p.m.

17—at Cahokia invitational 5 p.m.

20—at district meet

23—at Carbondale's meet of champions 4 p.m.

27-28—State meet

Twelve of 15 members of the Grigsby Junior High School was the first-place winner of the Illinois Wrestling Federation's meet for Southern Illinois junior high school and elementary school wrestlers Saturday at Belleville. Ten teams competed in the event.

Grigsby is coached by Ray Stuart.

Finishing first in the Saturday tournament were Pat Whelan (75 pounds), Jerry Miller (85), Mark Finch (100), Rick Buer (120) and Joe Bowler (160).

Also advancing to the state tournament were second-place finishers Glenn Thompson (105), Steve Gibson (112) and Doug Sheppard (126).

They will compete Friday and Saturday at United Township High School in East Moline.

Alternates to the state tournament include Saturday's third-place finishers from Grigsby, Joe Dean at 135 pounds and Doug Graham at 160.

Teammates finishing fourth were Keith Kastelic at 95 pounds and Bill Smith at 145.

They fouled ten times to Morrison's seven.

Rebounds were equal at 36-36, Davis and Jones each getting eight and King seven for MHS.

There were 19 assists by Morrison, 16 by Morrison, playmaker King recording eight, the Trojan assists.

Turnover totals were 21 by the Mustangs and 20 by MHS.

MHS was three for four in free throws to the losers' nine of 13.

There were 19 assists by Morrison, 16 by Morrison, playmaker King recording eight, the Trojan assists.

Turnover totals were 21 by the Mustangs and 20 by MHS.

MHS was three for four in free throws to the losers' nine of 13.

MHS Trojans rope Mustangs

Utilizing speed, bench strength and hustle, the Madison High School Trojans raced to 22-10, 36-20 and 52-34 quarter leads in crushing Morrison 65-49 in quarterfinal action Friday night at Champaign.

En route to their first state basketball championship, Coach Larry Graham's Madison athletes made it look almost easy against a team that had achieved 20 victories and suffered only five losses this season.

Earlier quarterfinal contests Friday saw Aurora Central Catholic outscore Roanoke-Benson 66-39, topseeded Mount Pulaski overcome Crescent City's Crescent-Iroquois 72-50 and Eldorado defeat Pleasant Plains 73-57.

Forcing many Morrison turnovers in the early going of the fourth quarterfinal game while also guilty of a few themselves, the Trojans played loosely but effectively, fast-breaking frequently.

"We'll need better discipline to beat Eldorado in the semifinals," Coach Larry Graham predicted, but he praised the Madison players for an all-around "super game" against the Morrison Mustangs.

"We moved James Heard into our lineup a few games ago and that made a big difference."

Heard contributed four points, two rebounds and two assists against Morrison.

Randall Jones tallied 25 points, Rodney Davis 12, Ron Williams 10, Anthony King seven, Lloyd Williams five and DeRodney Crockett two.

The decisive portion of the game proved to be the final five-minute span of the first period in which the Trojans went from a 6-4 deficit to a 22-10 lead.

Ron Williams sank two free throws, Davis a turnaround goal and then a jump shot, Ron Williams a follow-up shot, Davis a field goal from the free throw line, Jones a bank shot and then

a goal from underneath the basket, Davis a 16-foot jumper and Jones a layup.

For the game, Gary Venhuizen scored 14 points and Kelvin Tenboer 13 for Morrison, which ended with 23 of 66 from the field to Madison's sizzling 28 of 52.

MHS was three for four in free throws to the losers' nine of 13.

There were 19 assists by Morrison, 16 by Morrison, playmaker King recording eight, the Trojan assists.

Turnover totals were 21 by the Mustangs and 20 by MHS.

Stock reports now at library

By JEANETTE KAMPEN
Adult Services Librarian

Two additions to the financial investment information at the Granite City Public Library will be of interest to library patrons. The library now subscribes to "Standard & Poor's Stock Reports" for the New York Stock Exchange, containing two-page reports on more than 1,500 companies listed on the NYSE.

A major feature of the reports is Standard & Poor's analysis of each company's near-term sales, earnings, and dividend prospects, plus a commentary on its overall longer-term outlook. Numerous kinds of other information also are given.

Food service certification requirement

Effective July 1, 1978, it will become mandatory in Illinois for each establishment preparing and serving food to have an operating supervisor on the premises who has been certified under a new Illinois Department of Public Health ruling.

The SIUE Office of Conferences and Institutes has announced it will offer an eight-week course to assist food handlers in meeting the requirements for certification. Sessions will meet Mondays from 7 p.m. until 9 p.m. in Room 302 of the Peck Classroom Building, beginning March 28. Instructors will be William Crabb, manager of food service at the university, and Eleanor Alexander, manager of food production.

Registration will be \$40. Cost of a textbook, "Applied Food Service Sanitation," is included in the registration fee. Included in the coursework will be a review of the Illinois Food Service Sanitation Rules and Regulations. After the course, a state examination will be given to determine qualification for certification. Additional information may be obtained by contacting Crabb at 692-3040.

INTERURBS THEFT
Charles Scherke, Rural Route One, Box 1470, Granite City, left the VFW hall, 21st Street and Washington Avenue, last week and found two men in his van attempting to remove his citizens' band radio. He went inside the VFW and called police and when he returned outside, the men had fled, leaving his radio on the front seat of the van. One was heavy and had a mustache and the other was tall and thin.

for each company. The stock reports are issued quarterly. Standard & Poor's "Bond Guide" presents comparative financial and statistical information on a broad list of bonds. Standard & Poor's Bond Quality Ratings are given for most bonds.

Copies of the "New York Times Magazine" may be purchased at the library for 10 cents (15 cents beginning in April). All types of current books, both fiction and non-fiction, are reviewed in this weekly publication.

A reminder to library patrons living in the northeast part of the city: For your convenience there is a book return (in the shape of an American eagle) located at Graham's Business Products in the Belleme Village Shopping Center.

Library materials in the adult department may now be renewed by telephone every Friday from 1 to 5 p.m. Dial 876-0550 for renewal service.

New items. New fiction of interest includes Erica Jong's "How to Save Your Own Life." This novel picks up Isadora Wing's story three years after the events of "Fear of Flying" — she is older, wiser, and somewhat more rueful heroine. John J. Tumulty's mysterious and fabulous life is the center of Garson Kanin's novel "One Hell of an Actor." Tumulty was America's greatest actor, a superlative artist and an extraordinary man — or was he a liar, a parasite, a fraud, a heartless womanizer?

In her new book, "Adam's Eden," Faith Alden returns to Little Oxford, the picturesque New England town with its population of old friends and new faces that she has brought alive for her many readers. The restoration of the Stuart family in England in 1660 is the setting for Jean Plaidy's novel "The Three Crowns." The struggles of the Stuarts — Charles II, James, Duke of York, James, Duke of Monmouth, and William and Mary — provide the historical events and Plaidy recreates the atmosphere.

Tax planning vital

Whether or not you prepare your own tax returns, the Illinois State Bar Association says, efficient record-keeping throughout the year is essential. A year from now, when preparing your return for 1977 income, the task will be easier if proper records are kept throughout the year, an ISBA spokesman says.

Also next year, some additional changes will be in effect as a result of the Tax Reform Act of 1976.

Beginning Jan. 1, 1977, for instance, job-related moving expenses have been liberalized. Travel and moving expenses may be deducted next year for a move of more than 35 miles, compared to the current 50-mile requirement.

The limit of \$2,500 in house hunting and selling costs has been raised to \$5,000 for moves made after Jan. 1, 1977.

Beginning with the 1977 tax year, alimony payments may be claimed as a deduction, even

if you don't itemize deductions," it was noted.

"In planning your record-keeping during 1977, remember that most deductions must be backed up by written proof, in case the Internal Revenue Service decides to review your return."

"In many cases, a cancelled check will provide the necessary proof; in other cases, copies of receipts are required to verify a deduction."

"It is wise to carefully save all bank statements and cancelled checks, receipts for medical expenses including prescription drugs, and

statements showing interest paid on various loans and installment credit contracts."

"Be sure to record and report all income, even income from bonuses, dividends and odd jobs, from which there may have been no tax withheld."

"It is also important to keep accurate records on possible future income producers, such as the purchase of stocks, mutual funds, etc., purchase of a house or significant improvements to your home."

"These items may someday be reportable on your income tax return as a capital gain (or loss), and you will need records

of the original cost and the cost of improvements.

"The danger in not keeping proper records is that you may be paying more taxes than necessary or unwittingly filing erroneous returns."

The Illinois State Bar Association concludes, "Now is the time to begin tax planning for 1977 taxes by systematically keeping all appropriate records."

Question 2 youths in theft of guns

Granite City police are questioning two youths, ages 16 and 17, in connection with a burglary Wednesday at the home of Dr. Harold E. Toussaint, 117 Riviera Drive. Six guns were stolen from a gun case in the home and all have been recovered, police said.

Dr. Toussaint reported at 5:05 p.m. Wednesday that his house had been burglarized. The crime was believed committed between 1:15 p.m. and 3:15 p.m.

Wednesday, but neighbors reported seeing a youth behind the house acting in a suspicious manner between noon and 1:30 p.m. Wednesday.

Entry was gained through the unlocked porch door by breaking the glass in the door between the porch and the kitchen.

Only the upstairs master bedroom showed signs of having been searched and the glass in the gun case in that room was broken. From questioning the boys, police believe a hammer was used to break the glass in the door and the gun case.

Six handguns were taken from the house in a pillowcase which was taken from the bed. Based upon a description of the youth seen behind the house, police went to an apartment in the 2200 block of Adams Street where they questioned three youths and alleged finding one of the stolen guns on the floor at the base of a bed.

The three were taken to the Granite City police station for additional questioning until one youth allegedly agreed to return to the apartment with officers to show them the location of the other guns.

Police said the youth opened a dresser drawer and gave police a loaded pistol, but said the other guns he had placed in the drawer had apparently been removed by someone else.

Officers also found a loaded automatic pistol in the bathroom closet.

The 17-year-old called the police station later and said he would come in with the three missing guns and with his attorney. At 10:45 p.m., the youth did return the guns to police, saying he found them next to the dumpster behind an apartment building in the 2200 block of Adams Street.

Police noted that a total of six guns and 67 rounds of ammunition were stolen and recovered.

The two youths brought in with the 16-year-old later were released without charges being filed. The other two boys still were being questioned.

'159,760 Chouteau road plan

A tentative budget of \$159,760 has been prepared for the Chouteau Township 1977-78 road district year, and a \$250,150 proposed highway budget has been posted in Nameoki Township.

Figures that related to Nameoki Township, inadvertently were mentioned Monday in an article that referred to Chouteau Township. Public hearings are planned for March 24 in Chouteau and March 29 in Nameoki Township.

Two opponents cite experience in Nameoki Township tax collection

Tax Collector Richard L. Peck, a resident of Nameoki Township living at 2011 Sixth St., Madison, with his wife, Naomi, and daughter, Terri, also has a married son.

An employee of the Norfolk and Western Railway Company for 34 years, Peck for the past ten years has held the position of cashier.

He attended schools in Madison and the Summers College of Commerce of East St. Louis.

Peck served with the U.S. Army during World War II in the American, European, African-Middle Eastern and Asiatic-Pacific theaters.

He served six years with the N&W Federal Credit Union of Madison as a member of the supervisory committee and also as a member of the board of directors.

For eight years, he was lodge treasurer and president of a railway brotherhood union.

Peck currently holds the title of vice-president of the Collectors Association and is a member of the board of auditors of the Elected Officials of Madison County.

RICHARD L. PECK

"I am serving my second term as a precinct committeeman, and presently hold the position of town collector," he comments.

Peck, 51, was initially elected as Nameoki collector in April 1975. He is running on the United for Progress Party ticket.

Mrs. Freida Ballew, of No. 74 Maurene Court, is a candidate for Nameoki Township tax collector on the Continued Action Party in the April 5 election.

Born in Williamsville, Mo., she attended schools in California and is a graduate of Southeast Missouri school.

A resident of this area for 20 years and a resident of Nameoki Township for 13 years, she and her husband, Leon, are parents of three sons, Richard, Randall and Gregory.

Richard and Randall are sophomores at SIU at Edwardsville and Gregory is a sophomore at Granite City High North. Leon Ballew is employed at Granite City Steel.

Mrs. Ballew has been employed at the Granite City Trust and Savings Bank part-time for 10 years selling automobile license plates and opening Christmas clubs. She has also worked nine years as a deputy tax collector.

She comments, "I am seeking office because I am capable and qualified after being employed as a Nameoki Township deputy tax collector nine years, under various collectors, including my

MRS. FREIDA BALLEW

experience with the present tax collector.

"It is very important to have a tax collector who is available full-time, so that the maximum collection can be made locally, thereby eliminating the necessity for local governments to borrow money in advance at a high rate of interest," Mrs. Ballew concludes.

Odd Fellows move state office to Lincoln, Ill.

A new location for the state headquarters of the Independent Order of Odd Fellows was announced last week.

The IOOF has been located in Springfield for over 100 years and in its present office building since 1916. As a result of the expansion of the state capital complex, ownership of the property owned by the fraternity has been assumed by the state of Illinois.

The Grand Lodge of Illinois, IOOF is the governing body for over 500 Odd Fellow and Rebekah lodges throughout the state and is composed of over 25,000 members.

The new office will be located at 721 Wyatt Ave., Lincoln, Ill. Since 1883 the fraternal order

has maintained a children's home at Lincoln, a senior citizens home in Mattoon and sponsors a youth camp at Grassy Lake.

Founded in Baltimore, Md., in 1819, the organization was the first fraternal order to establish homes for widows and orphans and now is supporting 50 such homes along with ten high-rise low rent apartment buildings throughout the country, a lodge official said.

Members sponsor an educational loan foundation, United Nations Pilgrimage Tour for high school students, operate 15 eye banks and

sponsor a chair of research at John's Hopkins University Hospital, promoting eye research and corneal transplants. Many lodges throughout the state participate in local community activities.

AUTO BURGLARY

An auto belonging to Richard Oliver, 2013 Clark Ave., was entered by forcing a window open while the car was in a parking lot at 3304 Nameoki Road, the owner reported at 10:40 p.m. Thursday. A citizens' band radio valued at \$150 was removed.

Odometer crackdown continuing

Rolling back the odometer on a used car has cost an Illinois auto dealer \$2,500.

Attorney General William J. Scott's Consumer Protection Division obtained restitution for the eventual purchaser of \$1,500 and a civil penalty of \$750 in a court-approved settlement of a complaint against Pete's Auto Sales of Hamilton, Ill.

The rollback was detected even though the car's titling had traveled from Wisconsin to Illinois to Missouri, where it was purchased by an Illinois resident unaware of deception until contacted by the attorney general's Consumer Protection Division.

The purchaser, Steven W. Angleton of East Alton, bought the car in July 1975 from a Moberly, Mo., dealer. That dealer had obtained the car, a 1972 station wagon, through channels from Pete's Auto Sales, Scott alleged.

The car had come to Pete's from Wisconsin. The Wisconsin Department of Transportation, in the course of investigating deceptive practices by dealers in that state, had advised the attorney general's office it had heard that the mileage on the car's mileage counter had been rolled back "somewhere down the line."

The Illinois consumer, Angleton, now on military duty in San Diego, Calif., described the \$1,500 refund as a "welcome surprise."

The court order from Sangamon County Circuit Court Judge James T. Londrigan permanently enjoins the dealer from tampering with automobile odometers.

Assistant Attorney General Wayne L. Wiemerslag, who handled the case, said it is only one of several "odometer complaint" cases presently being pursued by the office. In announcing a crackdown last year on deceptive practices by Illinois car dealers, Scott described odometer rollbacks as "one of the most evident practices designed to deceive a purchaser as to a car's value, safety and reliability."

IOOF fish fry

Tri-City IOOF Lodge 1081 held its regular meeting Thursday evening and discussed plans for a fish fry. A committee in charge of the fish fry includes Walter Volkmar, Bill Salmon, Ron Skinner and Harold Brandon.

The fish fry is to be held at the IOOF Lodge Hall, 1428 Third St., Madison, on Saturday, April 9.

Beef stew was prepared and served by Bill Gibbs to the members during the meeting.

Sweet dilemma — bitter result

Quid-City stores still have some sugar substitute products but certain supplies are short following federal action against saccharin as a possible cause of cancer.

The test procedures used—massive doses throughout animal's lives—also would rule out use of salt, pepper and sugar, manufacturers allege.

But a large change may be needed to give the Food and Drug Administration more flexibility in its actions.

APA shelter closes, all animals adopted

All animals left in care of the Association for Protection of Animals (APA) were adopted prior to the shelter at the Granite City Army Installation being closed last week, Mrs. Carol Willoughby, an APA officer, reported.

The volunteer humane group will hold a public meeting to recruit new members at the Metro-East Sanitary District office, 1801 Madison Ave., at 6:30 p.m. Tuesday, Mrs. Willoughby said.

Those attending may learn more about the APA program, why such a volunteer group is needed here and other questions will be answered, the officer said.

The organization operated a shelter for unwanted and mistreated animals at the local

authorities say.

Saccharin in recent months has been the only government-approved non-sugar sweetener on the market. As a result, many whose health problems prevent them from using sugar are bitter about the ruling.

Future substitutes, thought to be years away, may be developed from the serendipity berry or kalenase fruit, both grown in West Africa, or through altering the molecular structure of sugar.

At the conclusion of their initial presentations, the candidates will answer questions that may be directed from the floor.

"This will be an excellent opportunity for these individuals who are undecided regarding the alderman of Ward Seven to study the positions and qualifications of the four men who are seeking the office. The public is invited to attend, and refreshments will be served," a spokesman for the arrangements committee said.

"This program has been arranged in order to offer the candidates a forum for discussing their campaigns, as well as providing the voters an opportunity to determine who they would like to represent them."

"We are hoping for a good turnout which might encourage future discussions within the neighborhoods among candidates seeking elective office."

7th Ward candidates will speak

On Thursday, March 17, beginning at 7 p.m., the four candidates running for alderman of Ward Seven will speak at the Nameoki Recreation Center, Franklin and Amos Avenues.

The candidates, Paul Bower, George Gordon, Tom Boker and Tom Skubish, will present their views on the issues of the election and their programs or recommendations for dealing with the problems in Granite City.

At the conclusion of their initial presentations, the candidates will answer questions that may be directed from the floor.

"This will be an excellent opportunity for these individuals who are undecided regarding the alderman of Ward Seven to study the positions and qualifications of the four men who are seeking the office. The public is invited to attend, and refreshments will be served," a spokesman for the arrangements committee said.

"This program has been arranged in order to offer the candidates a forum for discussing their campaigns, as well as providing the voters an opportunity to determine who they would like to represent them."

"We are hoping for a good turnout which might encourage future discussions within the neighborhoods among candidates seeking elective office."

HEADS DOWN. Third and fourth-grade pupils at Emerson School huddle in an inside corridor of the school building during the statewide tornado exercise. This scene was duplicated in all local schools to familiarize the children with procedures to follow should an actual tornado warning occur and also to help eliminate fear. The youngsters are escorted from

classrooms, where flying glass from windows could cause injuries, and leave large rooms with unsupported roofs, such as gymnasiums. Knees up, arms folded, heads down and seated against substantial inner walls, the children here took the test drill "very seriously," an observer noted.

Mrs. May Gipson dies

Mrs. May (Kimberly) Gipson, 85, of 1825 Rhodes St., Madison, died Friday at 2:32 a.m. at St. Elizabeth Hospital where she had been a patient two weeks.

Mrs. Mathias dies at 76

Mrs. Eva Lena Mathias, 76, mother of Carl Mathias, service area manager for Illinois Power Co. in Granite City, died at 6 a.m. Thursday in Pana, Ill.

She had been ill several months.

She is survived by another son, Norman Mathias and her husband, Bert Mathias, both of Pana, and three grandchildren.

Funeral services and burial were held Saturday in Pana.

Probation in cannibal case

Edward Baugh, 2008 Washington Ave., one of 10 Quad-Cityans arrested Jan. 17 following several months of investigation by undercover agents of the Metropolitan Enforcement Group (MEG) of southwestern Illinois, has been given probation and ordered to pay fines.

He pleaded guilty last week in Madison County Circuit Court at Edwardsville to two counts of delivery of cannibals.

Baugh was placed on two years probation on each count and was fined \$220 on each count.

Drive for ministers' pensions

The Dewey Avenue United Methodist Church will participate next Sunday in a conference-wide effort to raise \$1,633,000 for ministers' pensions.

Over 400 congregations of the Southern Illinois Annual Conference of the United Methodist Church with a combined membership of 68,000 will be cooperating in this united appeal.

The Rev. Eugene Beasley will preach at 10:45 a.m. next Sunday, March 20, at Dewey on the theme, "We Give Because They Gave," chosen as the crusade theme.

Crusade visitors will join in a service of consecration during the morning, followed by a church pot luck meal, and then meet at 2 p.m. for final briefing before beginning home visits to invite family commitments. More than 25 have been enlisted to assist in the visits.

The committee in charge of organizing the Dewey church effort includes Jerry Potlitz, chairman, assisted by Mrs. Cheryl Hutchison, Mrs. Lottie Squares, Larry Hutchison, Dan Hutchison, Mary Beasley and Judy Hinterser.

Results are to be announced Sunday, March 27.

HOUSE VANDALIZED

A house under construction at 2804 Palmer Ave., by the Forestar Construction Company of Glen Carbon had 15 windows broken, glass smeared on the walls and the thieves took 60 feet of copper tubing, tools and various plumbing fixtures.

HITS CAR, BUILDING

Mrs. Hedy L. Paterson, 30, of 4160 Division St., was admitted to St. Elizabeth Hospital at 1 a.m. Saturday for observation suffering pains to the back. She lost control of her car which hit a parked car and a building at 2121 Amos Ave. at 12:10 a.m., police reported.

Venice Advisory Council to study Title programs

The Title I and Title VII Districtwide Advisory Council of Venice School District 3 will meet at 10 a.m. on Thursday, March 19, in the Venice School library, according to Mrs. Charlotte Dilday and Mrs. Verla Arnold, co-chairmen. Mrs. Rosie Mathis is the secretary.

The members will meet to discuss the on-going implementation of the present programs. Two teachers, Mrs. Betty Cunningham, Title I reading, and Robert Blattner, Title I coordinator and math, are to present a special project at the Title I meeting in Chicago in April. Open House for Title I and Title VII programs will be held in the Venice grade and high schools on Thursday, April 28.

Members of the advisory council are: Herman Smith, Mrs. Linda Freeman, Mrs. Verla Arnold, Sister Bernadette, Mrs. Eddie Barbee, Mrs. Ila Fleig, Mrs. Rosalyn Johnson, Mrs. Venus Gardner, Mrs. Irene Taylor, Mrs. Charlotte Dilday, Mrs. Joyce Woods, Mrs. Bettie Green, Mrs. Terri Koelker, Mrs. Sallie Blakely, Mrs. Linda Crawford, Mrs. Bessie Mae Cooper, Mrs. Charleetta Dorsey, Mrs. W. M. Townsend, Mrs. Joyce Odom, Mrs. Rose Rodriguez, Joe Willie Roberts, Mrs. Estell Wilbourn, Mrs. Charlotte Bilbrey, Mrs. Janice Blatz, Alvester Salmont, Andrea Withers, Carolyn Richmond, Barbara Matkins, Cronella Crawford, Gail Gardner, Benita Jones, Jayne McClelland, Tam; Boushard, Dan Daniels, Terrance Arnold, Chris Ponce, Gertie Rupert, Debra Ware, Tom Bilbrey, Lisa Foley, Victoria Parker, Peggy Green, Mary Beth McGarran, Linda Patterson, Lorraine Brimmage, Kerry Roberts and Adrienne Pumphrey.

GC student in Germany

Jayne Elizabeth Knobbe, a Granite City junior at DePauw University in Greencastle, Ind., is among 31 DePauw students who are studying this semester in the university's special international program at the University of Freiburg in Germany.

Enrolled in DePauw's Western Europe program, Miss Knobbe is the daughter of Mr. and Mrs. Edward Knobbe, 2 Frontenac Lane.

The students arrived in the German city in January and completed a brief orientation session before beginning classes. The session included lectures on the area's history and culture and a tour of the city, which is near the Black Forest.

All students in the program are studying German language at some proficiency level while they are in Freiburg. Since the accent is on contemporary Western Europe, courses in 20th century European literature, politics, economics, art and history are offered by their German professors.

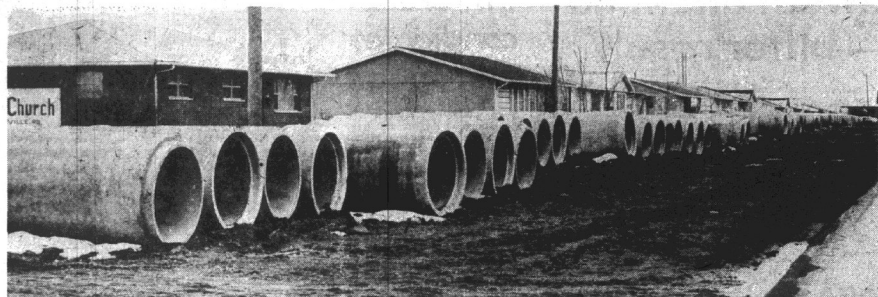

The semester will conclude with four weeks in Aix-en-Provence with the students getting a taste of another aspect of Western Europe.

An additional feature of the semester is that students may work on an academic project of their own choice, generally developing some dimension of a subject dealt with during the regular semester. The project may be carried on at a location of the student's choice.

The program in Freiburg as well as at other academic centers in Greece and England was developed and is monitored by DePauw's Office of International Studies, which also has arranged student housing and meals at Freiburg's Hotel Helene, some 20 minutes walking distance from the campus.

DePauw's international programs are offered to students at almost the same cost as a regular semester on the campus including tuition, room and board, officials said. Students in the overseas programs are selected on the basis of prior academic performance, character, and their promise for continued intellectual growth.

Students on scholarship also may use their scholarships for international programs, so that by commencement time each year about 50 percent of all DePauw graduating seniors

FRONT-YARD ORNAMENTS? These 54-inch storm sewer tiles are arrayed along the east side of Maryville Road before being laid as part of the Maryville Road extension project. This view is looking south from a

point south of St. Clair Avenue. Stretches of the existing Maryville Road have been blocked off to permit work on stages of the construction project.

VFW POPPY DAY plans are reviewed by Quad-City area mayors who signed a proclamation setting Poppy Days on May 27 and 28. From left, seated: Ed Weine of Granite City VFW Post 1300, Poppy Day chairman, Mayor Paul Schulz of Granite City and Bonnie Costello, chairman of the Post 1300 Auxiliary Poppy Day committee. Standing, Mayor Mike Sasyk of Madison, left, and Mayor William Ebersoldt of Venice.

have studied overseas, a spokesman noted.

DePauw's international studies semester concludes in May. However, many students plan to spend the summer doing independent study and travel throughout Europe.

Mrs. Elina Matson dies

Mrs. Elina Matson, 82, of 9151 Lockwood, Skokie, Ill., died at 3:23 a.m. Friday at Colonades Nursing Home where she had been a patient for the past six weeks.

Born in Finland, she formerly

lived in Chicago.

She was preceded in death by her husband, Justus Matson. Mrs. Matson is survived by two sons, Mat Matson of Granite City and Robert L. Matson of Skokie, and two grandchildren.

Funeral arrangements are given in today's obituary column.

Charge 2 in check case

Two East St. Louis men are being held by Granite City authorities after being charged in connection with an incident occurring last week at City Furniture, 1707 Madison Ave., in which an attempt was made to cash an allegedly stolen check.

Harrison W. Robinson, 28, is being held in lieu of \$10,000 bail, and Kenneth P. Rogers, 50, in lieu of \$20,000 bail. Both pleaded innocent to charges placed against them in an appearance here before Associate Judge A. A. Matosian.

Robinson has been charged with forgery, and Rogers with forgery and theft. Rogers also was indicted for having no valid driver's license.

The forgery charges stem from an incident in which a clerk at the furniture firm notified police that a man was in the place of business attempting to pass an allegedly bad check. An officer arrived at the firm as a man came running out and an auto containing another man drove away from in front of the place of business at the same time.

A pursuit on foot of the one man resulted in his being apprehended.

Police said the auto that had driven away then returned to the furniture store and was followed by the officer who stopped it in the 1500 Block of Madison Avenue.

The check was alleged to be one taken from a wallet belonging to Earl Holman of Venice on March 4 during an armed robbery of Holman at Alton Avenue and Market Street in Madison.

The man who fled on foot

allegedly had in his possession an identification card belonging to Holman and the driver of the stopped auto had in his possession a wallet identified as belonging to Holman, according to police.

Rogers was charged with theft when a routine check of the auto revealed it had been stolen from Margaret Kelly of Clayton, Mo.

WOMAN SPRAINS KNEE
Marjean Ellsworth, 20, of 2433 E. 24th St., walked in at St. Elizabeth Hospital last week after suffering a sprained knee, pain to the left foot and a lip injury in an auto accident. X-rays were taken and she was released.

Bus to serve housing area

Authorization to spend up to \$15,000 for a school-type bus to provide transportation services between the Tower Lake housing complex and academic core buildings at Southern Illinois University at Edwardsville was granted Thursday by the SIU Board of Trustees.

Funding for the purchase will be provided by the Student Welfare and Recreational Facility Building Trust Fund. To provide for future purchases of buses, the SIUE Housing Office will develop and accumulate capital of \$1,500 per year. Maintenance and operation of the bus will be financed through a user fee assessed the riders.

A shuttle bus service has operated between the Tower Lake housing and the academic core since 1970. The service provides transportation for many students in the housing units who either have no alternative transportation or find it a more economical system of transportation.

The bus service has attempted to operate two buses, but only one bus has been operable since an accident in May 1976. University officers said repairs of the damaged bus is not economically feasible, and the second bus has not been mechanically dependable.

After a new bus is acquired, repairs will be made to the older unit to make it available for auxiliary use.

The proposal to use Student Welfare and Recreational Facility funding for the purchase was initiated by the Student Senate after all alternative sources of funding had been explored.

Legislators see growing support for open primary

State Representatives Celeste Stiehl (R-Bellefonte) and Everett Steele (R-Glen Carbon) report receiving bipartisan support for their optional open primary legislation from a newly-formed coalition of Downstate legislators.

This group, composed of Representatives Jim Edgar (R-Charleston), Richard Mulcahey (D-Durand) and David Robinson (D-Springfield), will direct efforts toward obtaining legislative approval of House Bill 25.

"I am pleased to have these individuals as joint sponsors for this bill," Rep. Stiehl said.

"Each of them has a great personal commitment to improving Illinois' election system. Our combined ideas and energies will enhance the chances for implementing this change. I am particularly pleased that Governor Jim Thompson has endorsed the legislation."

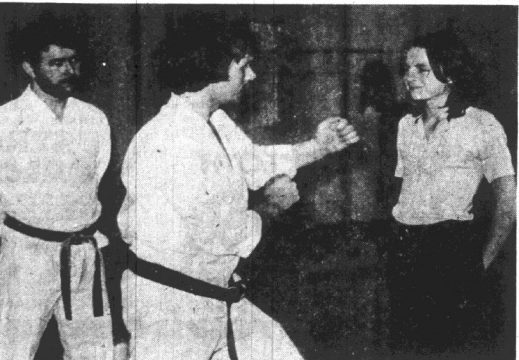

Comment on the coalition's plans, Rep. Steele indicated that each joint sponsor would present "the voters' feelings" to other House members.

"People throughout the state, by both their reluctance to participate in primary elections and direct statements of dissatisfaction with the present election system, are indicating support for this legislation," he commented. "I feel confident there is sufficient bipartisan support to fulfill their wishes."

House Bill 25 will next be considered by the House Elections Committee. It would

give voters the option of declaring their political affiliation and marking a party's ballot, or requesting a consolidated ballot and participating in the party primary

secretly. Party committeemen and delegates to national conventions could only be selected by individuals who indicate their political preference.

KARATE DEMONSTRATION. Randy Hassie, left, third-degree black belt, and Tom Jones, second-degree black belt, both members of the Central States Karate Association of Overland, Mo., demonstrate the art of Karate last week to members of Explorer Post 255, sponsored by Pontoon Beach police. Explorer Mark Haefner, right, awaits his fate.

Thanks to your help, our long-range planning worked...

Thank you for helping us through the worst winter in 100 years. Because of the severe cold and continued drain on our eight underground storage fields, we asked you to conserve gas. Your response was excellent. Without your help, the situation would have been worse.

Planning and development of our underground gas storage fields began in the 1950's. That planning spared our customers from the major crisis other parts of the nation had this winter. IP did not have to curtail gas to any school! There were no massive job layoffs in our area caused by gas service!

Although the weather is milder now, it is still important to conserve. Let's continue to conserve gas today, so there will be enough tomorrow.

CHILD CARE PROVIDED

Seek fairer treatment of women victims of crimes

Attorney General William J. Scott on Thursday called for bolstering the Crime Victims Compensation Act to make the coverage fair for women victims of crime.

The Illinois said that, under the present statute, women who are victims of rape are denied benefits for medical bills incurred for psychiatric counseling.

Scott's new legislation would provide that rape victims would receive coverage for such care, for up to a year afterward.

He said another "women's amendment" would provide that a housewife would be regarded as a wage earner for purposes of establishing loss of earnings if she were injured by a criminal to the extent she could not perform her duties.

Scott said, "Presently, the law seems to assume that the woman who maintains a home isn't doing anything productive, in terms of wage values. We all know that raising a family and maintaining a household is valuable. The loss of her efforts creates a real impact on the family's economic standing."

"Admittedly, housewives raising families are not a significant percentage of people

victimhood by crime. However, the growing pattern of home-invasion crimes and random assaults creates tragedies that we have to recognize how our present law discriminates against women with family-oriented careers."

He said his previously announced proposals amending the Crime Victims Act would help provide financing for the bolstered coverage he seeks.

Scott a few weeks ago announced several "crime pays back" amendments to the law by which a 10 per cent surcharge would be placed on all fines for criminal offenses, misdemeanors and major traffic violations.

Also criminals qualifying for parole or court-ordered probation could be required to make restitution to the state for money paid to the criminal's victims, at the discretion of the Parole Board or court.

Among other Scott amendments to the Compensation Act is a provision that crime victims be notified by law enforcement officials, and signs posted in medical emergency wards, of their possible rights to compensation.

He called this provision "the

only sensible thing to do when we consider how much time and effort is spent notifying criminals of their legal rights."

Scott said Senators Don Moore, Midlothian, and John Nimrod, Skokie, will introduce the legislation in the Senate, and Representatives Eugene Schlickman, Arlington Heights, and Harry Leinweber, Joliet, will introduce it in the House.

Gardenaires re-elect current officer corps

Mrs. Leo Schank 16 W. Wilson Park Drive, served a dessert luncheon to members of the Gardenaires Garden Club, preceding the annual election meeting Thursday afternoon.

Current officers agreeing to retain the same posts in the 1977-78 club year, are:

Mrs. Mary Kristian, president; Mrs. Roy Hornmann, vice president; Mrs. Robert Hintz, secretary; and Mrs. C. E. Eads, treasurer.

The business session was conducted by Mrs. Kristian and roll call was answered with the botanical name of a deciduous tree in the member's own garden.

Mrs. Earl Glenn described the March exhibit at the Granite City Public Library's Mini-Garden Center, which features the theme, "Birds."

Fred K. Gartung of the Springfield Memorial Gardens will be the speaker at the annual meeting of District V, Garden Clubs of Illinois, Inc., set March

24 in Collinsville. Several members indicated they will attend.

Plans were formulated for work projects on the Madison County Nature and Bike Trail, and the club voted to cooperate with other area garden clubs in purchasing flowering crabapple trees to be planted along the trail.

Mrs. Abe Shannon will host the April 14 meeting at 1 p.m. at the Grand Cafe, Mrs. Kristian announced.

Also at the luncheon meeting were Mesdames Richard Kerch, Charles Kohl, Thomas Layloff, William Long and A. A. Malotki.

Hilltoppers aid church project

Members of the Hilltoppers senior club voted a \$25 contribution to help defray the cost of purchasing a new furnace when they met last week at St. John United Church of Christ.

Thirty-four enjoyed a covered dish dinner at noon, with the Rev. Paul Surbey, pastor, offering the invocation. The pledge of allegiance was recited and two songs were sung.

Guests introduced were Mrs. Maude Smith and Elmon Lee Whitsett, who later joined the club.

Mrs. Betty Cooper, president, was in charge of the business session. She announced a meeting will take place Saturday, March 26, at the Long Lake Firemen's Hall for the

purpose of organizing a senior club in the Pontoon Beach area. She suggested anyone interested should attend.

It was reported Mrs. Helen Pfeiffer had donated a secretary's book to the club and Mrs. Josephine Ramsey had purchased placemats for use by the group.

The Rev. Surbey gave the program, discussing the "Lenten Season."

Mrs. Anna Kunnehan and the Rev. Surbey were honored on their birthday. Games were played and prizes were awarded under the direction of Mrs. Pfeiffer.

"If We Meet Again" was sung and The Lord's Prayer was repeated in unison to conclude the program.

'Spain' topic of Bay View club

"Spain in the 1700's" was the program topic presented by Miss Mary Frances Lynch for members of the Bay View Reading Club Thursday afternoon.

Eighteen women met in the parlors at St. Peter Evangelical United Church of Christ, with Mrs. Robert Chapman as hostess.

A dessert course was served by members of St. Peter Afternoon Guild.

Mrs. Arthur Buente, program chairman, introduced Miss Lynch who reviewed the historical impact of Spanish culture in the 1700's.

The speaker also gave a "thumbnail" sketch of artists prevalent during that period.

Mrs. Dale Rea, president, conducted the business segment of the afternoon, and the club collect was read to open the meeting.

Mrs. Lawrence McCauley, Rollettes meet at Madison home

Mrs. Jeanette Wilson, 2000 Beckwith St., Madison, was hostess to the Rollettes Club last week at her home.

Games were played and prizes were awarded to: Mrs. Betty Brooks, first place; Mrs. Mary Ann Burton, second; and Mrs. Connie Tinsley, third.

A buffet dinner was served by Mrs. Wilson to the prize-winners and to Mrs. Diana Wilson, Mrs. Joyce Waller, Mrs. Toni Short, Mrs. Rosita Radfield, Mrs. Helen Warfield and Mrs. Judy Gregory, members; and Mrs. Carol Halkbrenner and Mrs. Betty Cook, guests.

Mrs. Tinsley, 1619 Spruce St., will entertain the club in April.

treasurer, reported the financial statements and records from the previous meeting were read by Mrs. Walter Klein.

Support was sought in a letter from the Granite City Police Department for a youth basketball project, set March 22. Also discussed was the 69th annual meeting of the 22nd District, Illinois Federation of Women's Clubs, scheduled April 18 in Belleville.

A brochure was viewed which described the merits of the John N. Olin residence in Alton, now cultural center and available to specific groups as a meeting place.

Mrs. Herman Huxel will entertain the reading club at its March 24 gathering.

Richard Meyer 2917 Palmer, Granite City MOVED TO CARLYLE

The Schermers Bulletin:

This is the second column we wrote for today's paper. We had to tear up the original one after the events of Saturday brought the Basketball State Championship back to Madison. Leo and Avery both being graduates of Madison High forgot about the "Green and White" and are as proud as anyone over the honor our team has brought to themselves, the coaches, the faculty, the student body as well as the whole town. Madison High has produced its share of winners in other endeavors, some of whom are now gone. Three who come to mind immediately: Lt. Cmdr. David Combs, Al Wiseman, and just a few months ago, Dr. David Friedman. Congratulations to the team and the school. Hold your head up high.

ternoon of the third day were Joe Stavelly, Derek Humphrey, Joe Kalips, Cheryl Lenzi, Denise Hanlon, Kelley McCre, Mike McLean, Kiki Stavelly, Mike Robertson, Don Boyer, Alan and Darrell Sullivan, Daria Bot, Karen and Sharon Volok, Lena Kalips, Tracy Johnson, Darrell Cooper, David Moonshagian, Angela Roach.

Ken Maier, Lori Forest, Shannon Glasgow, Kenny Stagg, Brenda Sullivan, Steve Dohmal, Kathy McGee, John Peters, Lennie Laster, Joe Bolt, Kenny McGee, Tina Floyd, Glen Penberthy, John Seybert, John Bracamontes, Carla Redman, Jennifer Miles, Gordon Morton, Leonard Bringer and Ruth Johnson.

Alan and Judy Bogovich, a husband and wife team and instructors at National School of Music, presented a vocal duet. Instructors who participated in arrangements and programs were Carolyn Belling, Deanna Blaylock, Alan and Judy Bogovich, Tom Collins, End Cox, Rich Hermes, Mike Kelley, Ann Langley, Sue McGee, Glenn Schubert, Karen Stephenson, Terry Trusty, Karen Tucker, Keith Wagner and Burel Schmissner, instructor and principal.

UNDERCOATING—RALPH'S TEXACO 22ND & MADISON AVE.

ALBERT E. BELL

Frank Mehelic, 47, Rural Route One, is running on the Continuing Action ticket for Nameoki Township highway commissioner.

He and his wife, Melba, have three children, Janis, an elementary teacher at Lake School in Granite City, Frank, an industrial arts teacher at Central High School in Breese, Ill., and Chris, still at home. Mehelic has lived in Nameoki Township for most of his life. He completed elementary education at Stallings School and high school in Granite City.

He is starting his eighth term as a precinct committeeman in Nameoki Precinct Seven. As a member of Teamsters Local 525, he has worked on highway construction since 1960.

Mehelic told the Press-Record, "As a concerned citizen and a precinct committeeman of Nameoki Township, I have paid close attention to the mismanagement, lack of cooperation and union problems that the present highway commissioner has for selfish reasons not in the interest of the taxpayers of our township."

"The office of highway commissioner should encourage cooperation between the cities and villages, the township supervisor and the board of trustees."

"Without the highway commissioner's cooperation, they must expend their money through unnecessary, uneconomical contracts while the taxpayers' equipment sits idle."

Mehelic added, "I pledge full-time service to the people of Nameoki Township and full cooperation to all concerned."

"All programs will be presented to the supervisor and town board, where citizens can participate."

"Motor fuel tax and the permanent hard road tax will be used to build permanent roads as the law intended that it should be, instead of wasting it on oil and clips each year."

"Good, sound, business-like management with a close relationship with the town board and other governmental agencies — is a necessity."

"Another goal is to provide full-time employment for as many people as the budget will allow."

Pilot plan on mine settling

The Illinois Senate on Thursday passed 52-0 and sent to the House legislation sponsored by Senator Sam M. Vadalabene, Democrat, Edwardsville, enabling the federal government to begin a million-dollar mine subsidence repair demonstration project in the Maryville-Belleview area.

The bill paves the way for cooperation between state and federal agencies in the federally-financed project to combat mine subsidence, which involves cave-ins and settling of ground above shaft-mined areas.

Vadalabene pointed out that Maryville and Bellevue have suffered damage to homes and businesses totaling hundreds of thousands of dollars.

SB 178 allows the state Department of Mines and Minerals to enter a mine without consent after it has been determined that repair work is needed to avoid further damage. However, a hearing to

determine the existence of potential damage, followed by a 30-day period for repair by the mine company, must take place before the mine may be entered.

This provision, Sen. Vadalabene said, specifically enables the state to enter three area sites so that the U.S. Bureau of Mines may begin a refilling project.

"If this project is not begun immediately," he commented, "the state could lose the entire \$3.25 million project. It is vitally needed and entirely funded by the federal government. It would be ridiculous not to take advantage of this chance to alleviate costly damage to homes and businesses in Madison and St. Clair Counties."

"The initial work will cost \$1 million, and Congressmen Melvin Price wants to put the balance in the federal budget for future work. This must be done quickly; therefore, it is

imperative that Bill 178 be passed and signed into law soon."

"The Bureau of Mines has worked a long time to bring this program to Illinois. It is a demonstration project and the first of its kind in this state. In recent years, three other states have taken advantage of more than \$28 million from this type of program."

"Bureau of Mines also is anticipating a five-year research program on mine subsidence in Illinois. The legislation which passed the Senate Thursday is a mechanism to conduct the necessary research."

Vadalabene also is sponsoring a bill to require the state to study underground mine maps and examine current mine regulations as a prelude to formulation of new rules to combat subsidence. Another proposal by him would establish the first mine subsidence plan in the state's history.

Child Abuse seminar for public Wednesday

"Child Abuse" will be the focus of a panel program and seminar, open to the public, at 7 p.m. Wednesday in the cafeteria at Nameoki Grade Schools, 1620 Pontoon Road. The program is being sponsored by the Granite City Area Council of PTAs without charge. Children under the age of 16 years will not be admitted without an adult.

The two-hour seminar will open with a panel discussion. Participants will be persons affiliated with agencies most directly aware of the increase in child abuse cases.

Efforts to reduce the problem by finding and helping the abused child before permanent damage results will be among the subjects discussed.

Panelists, affiliation and topic will include:

Man named on two charges

A Pontoon Beach man was arrested at his home at 1:10 a.m. Friday by authorities after two warrants were issued by the Madison County state attorney's office alleging aggravated battery.

The warrants were issued after Mrs. Shirley Wallace, 4734 Lake Drive, Pontoon Beach, was beaten and struck with a gun butt during incidents there and in Granite City last week. Carson Wallace, 46, of 4734 Lake Drive, Pontoon Beach, was held Friday by Granite City authorities in lieu of \$5,000 bond on each of the two charges.

Mrs. Wallace, who was hospitalized with her injuries, alleged she first was beaten with a gun in a Pontoon Beach mobile home, and later was beaten again with a gun and cut twice on her thigh with a knife before being beaten with fists, and then kicked, while in an apartment of a friend at 21st and State streets here.

Week's theme — consumer, nurse rights

March 13-19 has been designated as Illinois Nurses' Week. Sylvia Mitchell, assistant professor of the School of Nursing, Southern Illinois University at Edwardsville, who serves on the Tenth District Legislative Committee, visited Springfield to help emphasize the importance of the week to her profession.

Meeting with State Senator Kenneth Hall, 57th District, and State Representative Jim McPike, 56th District, she spoke on behalf of the men and women nurses of the area who "dedicate their lives to serving the sick and injured."

Mrs. Mitchell, who serves on the Illinois State Board of Nurse Examiners, said the INA programs for the week will be centered around the theme, "Nursing Focus — Consumers Rights, Nurses' Rights."

Maybe you don't make a \$3,000 loan every day, but we do.

Actually, that's just a middle-size loan for us these days. We make some for less. And a lot for a lot more.

So we're not a "small-loan" company, but a large loan center. And a good one.

Homeowner loans, too.

When you're after really large amounts, the equity in your home is a valuable asset. You can use that equity to back very sizable loans from us. And that's nice to know.

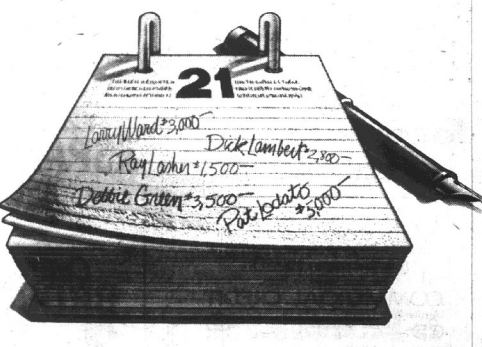

Next time you want money, whatever the reason, think of us. If you're more com-

fortable feeling you can depend on us for small loans, we really don't mind. Because you can.

But remember, we mostly think big.

Cub Pack 12 observes birthday

Gold tablecloths and blue napkins with streamers in matching colors were used to accent the dinner tables at Cub Pack 12's annual "Blue and Gold" banquet held last week at Niedringhaus School.

A covered dish dinner was served, followed with sparkler-topped cakes decorated by Mrs. Sheila Parks.

"Happy Birthday" was sung by the Cub Scouts, who served their parents the special dessert course.

A reading, "What Scouting Means to Me," was given by Cub Scouts Tom Gagich, Jeff Chaboudie, Phillip Profit, Pat Cathey and Mark Jones of Den 1.

Model cars received by the boys as Christmas gifts were judged and ribbons were awarded.

In the achievement awards ceremony, Bobcat badges were presented to Richard Hagen, Dan Parks, Douglas Partney, Mike Voss, Terry Yarlango and Phillip Profit.

Webelos Leader Mike Jaycox awarded showman badges to Brian Brokaw, Nathan Crane and Phillip Hagen, and citizen and showman badges to Paul Macios.

In preparation of the annual "Pinewood Derby," set April 14, small model vehicles were distributed to the Cub Scouts, who will prepare them for the race according to specifications.

The boys also were advised of a kite flying contest, set March 19, under sponsorship of the Granite City Jaycees.

MRS. JOAN ANDERSON

Shower honors Karen Corzilius

Miss Karen Corzilius was complimented at a pre-wedding shower last week given in the home of Mrs. Genevieve McComis, 2261 Waterman Ave. Co-hostesses were Mrs. Joyce Toussaint, Mrs. Edna Cease and Mrs. Pat Newsome.

Blue and white, the colors to be used in the wedding, were prevalent in the decorations throughout the McComis home, including the stairway.

Miss Corzilius will be married to Michael Truman on March 26 at Nameoki United Presbyterian Church.

Assisting the bride-elect in opening her many gifts were

Becky Corzilius, Connie Corzilius, Alison Crane, Rachel Newsome and Nancy Kluter. Refreshments were served to those named and to Mesdames Carole Crane, Pat Polley, Helen Polley, Louise Anderson, France Polley, Mae Schutkefke, Muriel Fossieck, Marion Pierson, Edith Simpson, Arlene Laub, Jane Harmon, Sue Cain, Billie Bag, Louise Thompson, Harriet Byers, Louise Cox, Irma Taylor, Ruth Comer, Judy Hankins, Bonnie Britton, Violet Monahan, Leona Johnesse and Nona Corzilius, and Joanne Bloomquist and Jeannette Bag.

Joan Anderson registration boss

By CARLY CARSTENS
Joan Anderson has become a political professional in the years since her election to the 1970 Constitutional Convention.

That was her first election and her first experience of government service.

She later was a trustee of the Metropolitan Sanitary District of Greater Chicago, one of only two Republicans elected county-wide in Cook.

She resigned that post to become director of the State Department of Registration and Education in the administration of Gov. James Thompson.

Before her election to the Constitutional Convention, Mrs. Anderson's experience in public affairs was as a volunteer in the League of Women Voters and the American Association of University Women.

She was a member of the board of directors of the League of Women Voters of Peoria when the Anderson family lived there and has served on the Cook County and Illinois boards of the League.

She enjoyed the "uniqueness" of the Constitutional Convention where a new constitution was hammered out over a period of eight months.

However, her greatest enjoyment was her service as a trustee of the Sanitary District.

"I had a chance of being involved in things that needed to be done, things that affect people's lives."

Her eyes sparkled as she talked about dealing with the day-to-day problems of the local sanitary district.

"There was nothing theoretical about it," she said. "Everything from civil service tests of job applicants to residents' reports of flooded basements came across her desk."

She made her first statewide race in the 1970 primary as a candidate for the Republican nomination for lieutenant governor, losing to the present lieutenant governor, Dave O'Neal.

Her approach to her new duties at Registration and Education will be cautious. She has a personal rule against "solving a problem by creating a problem," she said.

"I'm not an experimenter. I want to make things work."

Registration and Education supervises the licensing and regulation of vocations and professions.

Thousands of persons annually take examinations for licenses to practice everything

from barbering and hair dressing to the medical profession.

The new director says she will place a high priority on a department operation that "makes sense" to the persons getting services from it.

She is the wife of Daniel C. Anderson, a marketing consultant. The family lives in Western Springs.

Only the youngest of their four children still is at home. He is a sophomore in high school.

The older children, two sons and a daughter, are in college or graduate school.

In off hours, "I play tennis any chance I get," she said. She reports she and her son, Philip, a student in the University of Illinois engineering school, entered mixed doubles competition in Western Springs last summer.

"We made a semifinal, too," the new director said. "He carried me."

A new interest is cross-country skiing.

"Also, just for personal pleasure, I play the piano," she said. "I enjoy that a great deal."

When she lived in Peoria, she directed plays, working primarily with children.

Mrs. Anderson has lived all of her life in Illinois, growing up in Oak Park. She graduated in 1947 from the University of Illinois, and was elected to Phi Beta Kappa, the scholastic honor society.

She worked for three years in research in bacteriology and chemistry.

During her years of activity with the League of Women Voters, Mrs. Anderson developed an interest and background in local government and served on the Local Government Committee of the Constitutional Convention.

In 1973, she was vice-chairman of the state comptroller's County Audit Advisory Board and between 1972 and 1974, she was a consultant to the University of Illinois Institute of Government and Public Affairs on home rule and intergovernmental cooperation.

Mrs. Anderson served a three-year term, beginning in 1971, on the board of the College of DuPage and in 1973, she was named citizen of the year by the West Suburban Chamber of Commerce and woman of achievement by the LaGrange Area Business and Professional Women.

Golden Age Circle hears candidates

The Kirkpatrick Golden Age Circle Club held its monthly pot luck dinner meeting last week at the Kirkpatrick Recreation Hall. A St. Patrick's Day theme was used.

Guests introduced by President Ruby Corbitt, included Mayor Paul Schuler, City Clerk Robert Stevens, Mr. and Mrs. Nelson Hagauer, Daniel Partney, candidate for mayor; Nick Petrillo, candidate for city treasurer, Charles Douglas, candidate for alderman, First Ward; David Morgan, the Rev. and Mrs. Marvin Peters and children, Stacey and Kevin. The Rev. Peters of First Baptist Church offered the invocation.

Each candidate gave a brief talk about the office they are seeking and their qualifications.

Four new members welcomed into the club were Mr. and Mrs. Herman Fahnster, Evelyn Blattner and Joe Schroeder.

Members were reminded of the Spring Fair at SIUE, March 23. There will be bus transportation from Kirkpatrick Homes.

Hostesses for the day were Evelyn Davis, Kathryn Grimm, Gladys Filter, Carrie Hart, Effie Johnson, Elizabeth Gazzo, Edith Young, Alva

Stearns, Caroline Lux and Dorothy Rend.

There were 106 present. Games were played and prizes were won by Florine Musick, Georgia Butler, Arthur Rankin, Ethel Stark, Ruth Purkey and Catherine Alexander.

A floral arrangement donated by Willis Flowers was won by Edith Young.

A business and birthday meeting will take place March 22 at 1:30 p.m.

Furnishings topic of Homemakers

Design ideas of "total concept" and "mix rather than match" prevail at the present time in home furnishings, Mrs. Freddy McElroy and Mrs. Marcia Johnson informed members of the Granite City Unit, Homemakers Extension, at last week's meeting at Grace Baptist Church.

The major lesson was given to help the homemaker combine new furnishings with old and create an agreeable environment.

Members learned that developing critical ability to

reach this goal depends not only on knowledge, but on consciously sharpening one's native aptitude for seeing and evaluating differences.

Mrs. McElroy said the American culture, largely inherited, affects the way we live and constantly is being modified by new ideas and images.

Fashion is playing an ever bigger role in home furnishings and much more individualism is evident, the speaker said. Various periods of furniture were demonstrated by Mrs. McElroy, including — contemporary-modern; Mediterranean-Spanish; early American; oriental-eastern; and traditional 18th Century.

Cloth swatches, carpet samples, decorator items and magazine illustrations were used.

Items were interchanged to create an entirely different period and members were told a basic to understanding what constitutes a harmonious composition is a workable

knowledge of the elements and principles of art.

Mrs. Helen Oberlin, unit chairman, presided at the meeting and reviewed plans for the annual conference of the Illinois Homemakers Extension Federation, scheduled during the weekend at the University of Illinois.

"Awareness of Our Energy Crises" was the citizenship lesson presented by Mrs. Wilma Owca, and Mrs. Anna Michels discussed program planning.

Mrs. Oberlin said the annual achievement meeting will take place April 27 at the Madison County Fairgrounds in Highland.

Retirements were served to 21 members by Mrs. Rosalia Johansmeier and Mrs. Josephine Uram. A St. Patrick's Day motif was used in the table appointments. Mrs. Anna Michels received a prize. "Husband and Wife Communication" will be the topic at the unit's April 6 meeting at Grace Baptist Church.

Study says 'victimless divorce' does not exist

A plethora of current book titles and popular magazine articles on the virtues of a liberating and creative marital dissolution could lead one to believe that divorce is a relatively easy route to freedom, fun, opportunities and even romance. Not so, according to psychologist E. Mavis Hetherington and her colleagues, Martha Cox and Roger Cox, of the University of Virginia.

During a two-year, longitudinal study of the impact of divorce on family — including the often ignored husband-father — functioning and interactions, Dr. Hetherington's research team did not find one "victimless divorce."

In a paper presented at the annual convention of the American Psychological Association, the researchers reported that in the 48 families studied, they found that "at

least one family member reported distress or exhibited disturbed behavior, particularly during the first year following divorce."

The research project on divorce is considered somewhat unique in that the entire family system was examined, using a "multimethod, multimeasure approach to the investigation of family interaction."

To date, most research on divorce has focused on divorced mothers and children and had employed a descriptive approach by comparing the characteristics of divorcees and their children to those of mothers and children in intact homes.

Dr. Hetherington's findings "explode the myth that divorce readily leads to the joys and delights of self-discovery and singleness."

Instead, the psychologist found that the rehabilitation process for all family members is long, stressful and traumatic.

The divorced parents experienced their first stresses in areas related to financial and occupational problems, in addition to vexations in running a household.

Divorced fathers and mothers were found to be more disorganized than married individuals. In separated households, meals and bedtimes were more erratic.

While more than a fourth of the divorced men and women reported an ebullient sense of freedom immediately after the divorce, at the end of one year this enthusiasm had been replaced by depression, anxiety and feelings of incompetence in social situations and heterosexual relations.

Dr. Hetherington's adult subjects emphasized their loneliness and expressed a need for intimate, not casual, relationships.

The children of divorce exhibit more negative behavior than do children of intact families, and the University of Virginia researchers do not solely attribute this to the deteriorated parenting practices of the distraught parents. Although custody of all the

children studied had been awarded to the mother, the researchers found that both parents made "fewer maturity demands of their children" and communicated less well, tended to be less affectionate, and showed marked inconsistency in discipline and lack of control over their children in comparison to parents in intact families.

Divorced mothers are more restrictive and negative, particularly with their sons. This curious finding may help explain why the adverse effects of divorce are more severe and long lasting for boys than for girls, the study concluded.

Divorced fathers who do not have custody of the children are initially extremely permissive and indulgent — exhibiting a "Christmas every day" behavior. With time, these fathers become less nurturant and more negative and detached from their children.

Children of divorce tend to disobey or largely ignore their mothers during the first year after divorce. The aggression of boys with divorced mothers peaks at one year but, even at two years, remains higher than that of boys in intact families.

The investigators found that the second year after divorce is a time of marked recovery for parents and children in almost all areas. Unfortunately, most couples, when initiating a divorce, are not prepared for the long and extremely painful course to recovery and family rehabilitation, it was found.

Dr. Hetherington emphasizes that although in some cases divorce is "often a positive solution to destructive family functioning," the dissolution always represents immediate crisis.

In view of current predictions that 40 percent of all new marriages will end in divorce, the researchers regard divorce as "one of the most serious crises in contemporary American life."

They recommend that parents and children be realistically prepared for problems associated with divorce — and that society begin developing "support systems" for the families who must cope with the traumatic aftermath of divorce.

St. Peter Guild honors 13 at lunch

Thirteen members of the Anthony Guild were honored on the occasion of their birthday anniversaries at the March meeting at St. Peter Evangelical United Church of Christ.

A large basket of tulips and pussy willow centered a special

table, where the honorees were seated for a dessert luncheon at the noon hour.

Other tables held appointments appropriate to St. Patrick's Day, with bud vases filled with tulips and pussy willow as their focal point.

Child abuse, ERA are topics at conference

The Illinois Federation of Business and Professional Women's Clubs, Inc. conducted its 13th annual Legislative Conference at the Forum 30 Plaza in Springfield.

A total of 400 BPWF members from all sections of the state attended including 17 members of the Granite City Business and Professional Women's Club.

Illinois Governor James R. Thompson, the keynote speaker, advised the group he would submit an austerity budget to the legislature in an attempt to curtail spending, thus alleviating any need to raise taxes.

Other speakers included State Rep. Susan Cantania (R-22nd District), who spoke on the Illinois Commission on the Status of Women; and Julie Harnos, attorney at the Legislative Support Center, who spoke on "Domestic Violence."

Of special interest to the local BPWF members was a presentation made by Anne Pollis, president of Housewives for ERA, who discussed the Equal Rights Amendment and stated, "Homemakers need the ERA."

Those who devote their lives, their energies and their skills to their families need the protection of the law in respect to establishing the fact that their homemaking services are valuable contributions to the support of the family.

Mrs. Pollis continued, "Homemakers earn their way in the family and should be entitled to both financial support and a share in the decisions affecting the family's way of life."

"Divorce laws do not presently recognize the homemaker's contribution," Mrs. Pollis stated. "Courts should take into consideration the wife's contribution as homemaker when dividing up property. Homemakers do not have the full protection of the law, thus ERA is needed to assure it," she stressed.

Associate Professor Frank Osanka, undergraduate director of the Institute for Studies in Social Justice at Lewis University, Lockport, Ill., delved into problems of child abuse, noting that Department of Health, Education and Welfare figures indicate perhaps five children a day perish and 12 per day suffer permanent brain damage directly related to abuse.

"Child abuse is a widespread problem affecting people from every socio-economic level,"

Prof. Osanka said. While there has been progress in the area of child abuse reporting and prevention, much more needs to be done, he said.

The speaker described his participation in a conference in Philadelphia called to draft a "Declaration of Independence For Children," including a Children's Bill of Rights.

At the conference, Prof. Osanka worked with a group of 56 prominent Americans seeking support for a Cabinet post to represent children's interest.

Rep. sessions held during the two-day meeting focused on such subjects as "Our Legislative Platform and You" with Rep. Jane Bares, Evergreen Park, "Lobbying and ERA" with Edweta Wolf, Oak Brook, "Estate Planning" with Betty Yabuka, Morris, and "Social Justice" with Shirley Presagrove of Mount Vernon.

Attending from the Granite City club were Sylvia Wright, president, and Annellen Smith, Pauline Weir, Louise Smith, Ollie Parr, Lavell Stephens, Verna Lengyel, Rosalie Stearns, Rose Stephenson, Rose Exell, Florence Moore, Evelyn Alford, Rosalie Portell, Helen Christich, Ruth Walk, Barbara Hodges and Judith McCann.

NURSE DISTRICT DINNER
The Illinois Nurses' Association 10th District will meet at Buckley's Restaurant, 6900 N. Illinois St., Highway 64 and 156, at 6 p.m. Thursday for a dinner and a program on "Maternal-Infant Bonding." A meeting will follow the program.

Child care tax credit explained

Payments for child care services made to relatives by working parents may not necessarily qualify for the new child care credit, the Internal Revenue Service is advising Quad-Cityans.

Available for the 1976 income tax returns now being filed, the credit has been misunderstood by some working parents who believe it covers payments to all relatives for child care to allow the taxpayer to be gainfully employed, an IRS spokesman said.

Under the law, payments for child care expenses to relatives can qualify for the credit only if: (1) the relative cannot be claimed as a dependent; and (2) the relative works for the taxpayer and the service qualifies as employment subject to Social Security tax withholding.

Payments made to a parent of the taxpayer for child care may qualify for the credit only if the two conditions mentioned above are met and: (1) the taxpayer has a child in the home who is

under age 15 or who is disabled and requires the personal care of an adult for at least four continuous weeks in the calendar quarter in which the service is rendered; and (2) the taxpayer is widowed, divorced or married to someone who is disabled and incapable of taking care of the child for at least four continuous weeks in that calendar quarter. The child must be cared for in the taxpayer's home.

Payments to a sister working for the taxpayer would qualify for the credit if the two conditions for relatives mentioned previously are met.

However, if the sister operated a day-care nursery, payments for care would not qualify for the credit because the sister is self-employed. The service is not employment subject to Social Security tax withholding.

On the other hand, if the sister operated the day-care center in partnership with an individual not related to the taxpayer, payments for child care would qualify because the payments are made to a partnership and not to a related person.

Generally, taxpayers who incur expenses for the care of children or disabled dependents in order to be gainfully employed can take a tax credit equal to 20 per cent of their costs, up to a maximum credit of \$400 for one dependent and \$800 for two or more.

Previously, taxpayers were entitled to a deduction rather than a credit.

For more detailed information on claiming the child care credit, local taxpayers

may use the other blank that came in their tax forms package to request a free copy of IRS Publication 503, "Child Care and Disabled Dependent Care."

NEW OFFICERS of Granite City Right to Life Chapter following their selection meeting in the board room at St. Elizabeth Hospital. First row, Barbara Jacobs, treasurer, left, and Susan Casparovic, vice-president. Second row, Betty Stegemeier, president, left, and Teresa Alexander, secretary. The group will hold a project planning session March 28 at 7:30 p.m. at the hospital.

Charge two in disturbance

Ronald L. Ingram, 20, of 3916 Gaslight Walk, Apt. 2, Pontoon Beach, was charged with resisting arrest and disorderly conduct and Kathi A. Domitrovich, 19, of 4 Briarcliff Drive, was charged with disorderly conduct after a disturbance at a home in the 2400 block of East 25th Street last week.

Granite City Patrolman Michael Sparks suffered a cut to his left hand and had his eyeglasses broken during the scuffle to arrest Ingram, it was alleged.

Force had to be used to subdue Ingram and he required treatment at St. Elizabeth Hospital for a cut to the back of his head. Sutures were administered and he was returned to police custody.

Police said that when they arrived at the scene of the disturbance, they found Kathi Domitrovich screaming and bleeding from several scratches.

Ingram demanded she be arrested, police said, and when officers attempted to calm Ingram, he swung with a fist, striking Patrolman Sparks on the side of the head, it was alleged.

The scuffle between Ingram and two policemen then ensued, they said.

Kathi Domitrovich was released after posting \$25 bond. Ingram posted \$125 cash bond and also was released.

CAR HITS TREE

Lettie Fryer, Brooklyn, walked in at St. Elizabeth Hospital after suffering injuries when her car struck a tree. She struck the steering wheel and suffered lower lip pains. X-rays were taken and she was released.

UNION COUNSELING COURSE. Howard "Pat" Harris, Unemployment Insurance Division representative of the Illinois State Employment Service; right, explains unemployment insurance regulations to union members Thursday at the YMCA. Upon completion of the

course, which runs through the end of March, members will receive a union counselors' certificate. Other guest lecturers will include representatives of the Internal Revenue Service, Social Security Administration and Madison County Public Aid.

(Press-Record Photo)

In hospital, faces charge

Robert C. Wilson, 20, of 921 Jefferson St., Madison, was admitted for observation to St. Elizabeth Hospital at 8:35 a.m. Friday following an auto accident at 1018 Broadway, Venice.

The car Wilson was driving allegedly struck the parked cars of a Leroy Loving, 904 Webster St., Madison, and a Neil Myers, who police report is from out of the city. Wilson was issued a traffic

citation charging careless driving. He is scheduled to appear in court at 10 a.m. Wednesday, April 13, in Granite City.

UNDERCOATING—RALPH'S TEXACO 22ND & MADISON AVE.

ISU will phase out 2 schools

Illinois State University officials announced late last week that because of budgetary cutbacks, it will be necessary to phase out the university's laboratory schools as units of the university over the next two to three years.

The announcement was made to faculty of University High School and Metcalf Elementary School by ISU Vice President and Provost James M. Horner. Parents were notified through a letter sent home with their sons and daughters.

Termination of the laboratory schools as operating units of the university will end a relationship and function which began more than a century ago, in 1889, two years after the founding of ISU.

Then known as "the model school," the two facilities grew to become integral parts of the university's teacher education programs. While there have been enrollment reductions in recent years due to a Board of Higher Education directive, there are currently 450 students at University High School, including 21 in special education. Metcalf has 406 students from pre-school through eighth grade, including 64 in special education.

Horner said the action is necessitated by the decision of the Illinois Office of Education that contractual arrangements between Bloomington District 87 and Unit District 5 and the university will not be permitted in the future. That interpretation will result in a reduction of revenue for the laboratory schools of \$486,000 next year, he added.

"The university simply does not have resources to reallocate to the laboratory schools," the provost said. "Other programs are understaffed and seriously

Given 6 months in shooting

Circuit Judge John DeLaurenti of Bond County sentenced Harold Barnett of 2012 Missouri Ave., to serve six months in a correctional institution after Barnett pleaded guilty last week to a charge of aggravated battery which allegedly occurred on Dec. 14, 1976 in Granite City.

Sentencing took place in Circuit Court at Edwardsville. Barnett was charged by authorities after Joe Topal, 2128 Bryan Ave., was wounded by a bullet to his left shoulder refusing entry to Barnett at the home of Clarence Hoffman, of the same address. Barnett had been free on his own recognizance.

underfunded, and we are already facing severe circumstances due to rising costs."

Because of the cutback in funding, the laboratory schools' budget for 1977-78 will have to be reduced by \$486,000. Total budget for the lab schools is \$1.7 million.

Horner said he has asked Richard Schuler, assistant director of the laboratory school unit, to submit by April 15 recommendations for achieving the necessary reductions.

Since ISU cannot retain funds from tuition charges to students, the reductions cannot be offset by increased costs to enrolled students.

Provost Horner added, "Because of the severity of this course of action, its effects on the viability of the laboratory schools in relation to their mission within the institution, and the effects it will have on the programs of the laboratory schools and the children who attend them, there appears to be no reasonable alternative to phasing out the laboratory schools, as units of the university."

To minimize the impact on program quality and the hardship on students, Horner is appointing a committee to plan for the phasing-out process.

Hospital

(Continued from Page 1)

The executive board session will be held at Busch Memorial Center, St. Louis University, Grand and Laclede.

All such meetings are open to the public, McComb said. The public hearing was scheduled by the Health Systems Agency at the request of the Illinois State Health Facilities Planning Board, to which St. Elizabeth Hospital has applied for permits required for certain phases of the hospital expansion.

The Health Systems Agency has been designated by the federal government as the St. Louis metropolitan area's regional health systems agency under the National Health Planning and Development Act of 1974.

McComb noted during the hearing that the testimony given in Thursday night's hearing pertains to permits for \$10,219,116 of the total estimated enlargement cost, involving laboratory, X-ray, radiology and other technical facilities.

A permit for construction of a 50-bed psychiatric hospital and for renovation and enlargement of the medical records department, medical library and physicians' lounge already has been granted by the state health facilities board. These phases of the program were not involved in the hearing.

Also not affected by testimony given in the Thursday night hearing are plans for a new main entrance, lobby, business office, coffee and gift shop and admitting department which will be built in a new one-story structure adjacent to the Doctor's Wing (21st and Iowa streets area).

Jason Blake, assistant vice-president of St. Elizabeth Hospital, reviewed existing facilities are inadequate to meet present needs and future demands.

He said the hospital administration is basing its expansion plans on the results of a survey made over a period of years by CHI Systems, a health care consulting firm of Ann Arbor, Mich.

Blake added that expansion in nuclear medicine, addition of physician's offices to the hospital complex, acquisition of sophisticated diagnostic equipment, an increase in inpatient beds and growth in the size of the staff are among reasons for the expansion program.

Leo H. Kottler, a Granite City attorney and a member of the hospital board of directors, commented that he is aware of the need for planning to meet future needs and that facilities in the health care field "must be constantly updated."

He said the St. Elizabeth Hospital board is cognizant of growing needs and as a result has studied expansion projections for the past year and a half.

A need to progressively develop mental care "and not return to the Dark Ages," was cited by Dr. George T. Wilkins Jr., a physician, in support of additional psychiatric care facilities at the hospital.

Expansion of such facilities will attract more psychiatrists to the hospital, which already has more psychiatrists on the staff than any other hospital in this Illinois region, Dr. Wilkins testified.

"I am aware of the criticism of hospital cost," he said, noting that "we must have the facilities to keep the cost down." He said he has little doubt that eventually there will be some form of government insurance and "we must have the facilities to provide care for the people."

Roger A. Higgins, president of the Tri-Cities Area Chamber

of commerce, said expansion of the hospital will have a beneficial effect upon the economy of the area. He filed with the hearing officer a copy of a resolution approved by the Chamber board endorsing the hospital program, and urged its acceptance by the Illinois Health Facilities board.

Sister Mary Thomas, president of St. Elizabeth Hospital, related that hospital employees stand in line for service at the cafeteria because of a lack of facilities there, and that supplies and equipment now are stored in 17 different locations because of a lack of room which, she noted, would be made available under the expansion plan.

"Advances in medicine and health care also have resulted in a serious need for larger technical areas. The proposed enlargement, she said, is programmed 'to meet our acute needs.'

Daniel Green, representing D.E.G. & Associates, St. Louis architectural firm retained by the hospital, outlined results of the survey which the hospital program is based. He said correlated growth figures have another important thing to keep in mind is your supply of hot water.

The proposed expansion, he said, is balanced to meet needs not only in technical fields but in food services, central stores, social services, maintenance and other non-medical aspects, including the upgrading of hospital parking facilities.

William F. Winter, editor of the Press-Record, said, "As a trauma center with 24-hour service, St. Elizabeth is of great value to this area and Madison County." He cited Granite City Council approval of bond enabling ordinance, vacating of alleys and granting of utility easements as reflecting local desire and need for expanded St. Elizabeth Hospital services.

Mrs. Helen Bergfield, a past president of the Hospital Auxiliary and a member of hospital committees, spoke on the volunteer work and activities of the Auxiliary, noting that during 1976 total volunteer hours were equivalent to 365 40-hour weeks. Additional facilities at the hospital will attract a greater number of physicians, she predicted.

A statement in behalf of Mrs. Margaret Lee of Venice, who was unable to attend, was read at the hearing by Mrs. Rebecca Slate of the hospital's public relations department.

Mrs. Lee said growth of medical services here is a commitment to more health care. She noted that Venice and Madison at various times were without a physician, and that a physician has established offices in Venice, attracted in great part by the availability of the hospital services and facilities.

First Ward Alderman Everett Morien said that the hospital is one of the city's, and the area's greatest needs and that "I endorse the program fully."

State Rep. Jim McPike of Alton arrived at the hearing ending having driven from Springfield to make an appearance and urge state approval of the project.

He spoke briefly, noting that "health care must not be limited." He said residents of Chouteau, Nameoki, Granite City and Venice Townships as well as adjacent areas "look to St. Elizabeth Hospital for their health care."

"A hospital has a monopoly on health care in any area, which is good as long as that hospital is 'Number One' and has full facilities," he concluded.

Dishwasher

(Continued from Page 1)

apartments where permanent installation is not practical. Portables require floor space both for storage and for moving the dishwasher from the storage space to the sink.

2. Built-in dishwashers—which are usually installed when a kitchen is being built or remodeled.

The booklet suggests that a licensed plumber or electrician do the installation.

3. Convertibles—which are designed for those who want a portable but, expect to need a built-in dishwasher later.

These dishwashers are somewhat heavier than portables and, like built-ins, should be installed by a licensed plumber or electrician.

"Dishwashers" lists certain things you should check for in your house before you buy any dishwasher.

The first is your kitchen wiring and power supply. Regardless of the type of dishwasher you choose, your kitchen must have correct wiring and sufficient electric power.

Another important thing to keep in mind is your supply of hot water. According to the booklet, water entering the dishwasher should be between 140 and 160 degrees Fahrenheit.

Your water supply should be able to provide hot water, not only for the dishwasher but also for other household needs.

The booklet contains these pointers to keep in mind when selecting and using a new dishwasher.

Select a dishwasher that suits your purposes. A simple

and inexpensive dishwasher, if made by a reputable manufacturer, will clean dishes well. You may not need the optional features on the more expensive machines.

—Look for a dishwasher that is easy to load and unload. Check rack design to be sure you will have easy access to dishes.

—Look for a dishwasher with a mark of an independent laboratory, such as Underwriters Laboratories Inc.

This mark tells you that the dishwasher has been manufactured to conform with established electrical, fire and mechanical standards.

—Read the warranty to learn which repair costs it covers. Also, ask the sales person if there is an authorized service center in your area.

—Before using the dishwasher for the first time, read the owner's manual. Then follow the instructions carefully.

Mrs. Meyer dies at 62

Mrs. Nora Lina Meyer, 62, of 1011 (rear) Third Street, Venice, died at 11:15 a.m. Saturday in St. Elizabeth Hospital where she had been a patient since Friday.

Born in Missouri, she lived in Venice 11 years. She had no known relatives. She was a close friend of Mr. and Mrs. Ellis Hackney of Venice.

Funeral arrangements are listed in today's obituary column.

Injured in auto accident

Mrs. Dornelle Kessler, 38, of 1921 Joy Ave., was admitted for observation and reported in good condition at Normandy Osteopathic North Hospital, St. Louis, following an auto accident at 12:10 a.m. Saturday.

Mrs. Kessler's three children, passengers in the car she was driving, Nathan, 11, David, 15, and Donna, 6, were treated and released from St. Elizabeth Hospital.

Mrs. Kessler's auto, according to police, was struck in the rear by an auto driven by Karl E. McKenney, 26, of East Alton. The Kessler car was making a left turn onto Wayne Avenue from Johnson Road.

Mexican Commission events

The Mexican Honorary Commission finalized plans for the annual fiesta in May and a scholarship fund dance on Saturday night at a monthly meeting held last week at the commission's hall, 1801 Spruce St.

The group approved membership applications of Joe Valencia, Manuel Santacruz, Jose Valencia, Gene Cox and Josephine Rodgers.

Mrs. Grim reported Mrs. Jose Ybarra has donated a Mexican skirt and blouse to be used at fiestas; and approval was granted the East Bank Players to use the hall without charge on April 16, 17 and April 22 for their next production, "Dames At Sea."

Entertainment will be provided by the Mexican Honorary Commission's artistic group, under the direction of Joe Valencia, and music will be played for dancing by the Los Hermanos Santacruz.

Fiesta tickets will cost \$5.50 in advance and \$8 at the door, the group decided. Children's tickets, costing \$1.50 each, may be purchased at the door.

A \$25 donation was authorized to Parents for Special Education.

Plans for the traditional "Cinco de Mayo Fiesta" were advanced. The event will take place Saturday, May 14, starting at 8 p.m., at the Croatian Home, 1000 Madison Ave., Madison.

Funeral services will be held at noon Wednesday at a Bellevue funeral home with burial in St. Adalbert Cemetery, Caseyville.

Driver dies after crash

Dennis M. Duchnowski, 27, of 5 Jerilyn Lane, Collinsville, who was fatally injured in an auto accident on Interstate 70

two-tenths of a mile east of Route 203, died at 1 p.m. Saturday at Firmin Desloge Hospital, St. Louis.

Illinois State Police troopers said Mr. Duchnowski's Volkswagen left the roadway about 5:20 a.m. Saturday, went into the median and traveled 435 feet while overturning twice, evidence at the scene indicates.

As the car came to rest, Mr. Duchnowski was thrown out through the windshield and he bounced from a guardrail twice before coming to rest 49 feet from his auto, troopers believe.

He was taken to St. Mary's Hospital in East St. Louis and then was transferred to Firmin Desloge Hospital, St. Louis.

Proud occasion for talented athletes of Madison High

Granite City in 1940, Venice in 1945 and now Madison in 1977—all three local school districts have achieved statewide basketball championship honors.

Defending champion Mount Pulaski appeared to head the field of eight Class A (750 or less enrollment) finalists that converged on the Assembly Hall at the campus of the University of Illinois in Champaign Friday and Saturday. Much of the attention also was focused on tiny Crescent City (Crescent-Iroquois) with an official enrollment of 96 and an actual count last week of 89—54 boys and 35 girls.

Eldorado was appearing for an unprecedented third straight year in the sixth annual Class A meet but the other six teams were making their debuts on the Assembly Hall hardwood since dual tournaments were established in 1971-72 year.

Fans recalled that Hebron 25 years ago, with an enrollment of 99 from a community of 627, became the first and only district-level (small school) champion to go on to take the state's top prize in the then one-

class competition. Class A winners have been, in order, Lawrenceville, Ridgway, Lawrenceville again, Venice and Mount Pulaski.

There were better won-lost records at Champaign this year than Madison's 26-3, such as Pleasant Plains' 28-2, Mount Pulaski's 27-2 and Crescent City's 29-1. But the Madison High Trojans, 72-48 victors over Robinson in their super-sectional contest, were unstoppable and won with ease, 65-49, over Robinson.

Coach Larry Graham's confident and capable Trojans survived a 65-61 overtime game against strong Eldorado in the semifinals and then made their thousands of fans happy with a decisive 71-55 triumph over Aurora Central Catholic in the championship game Saturday night.

There were many individual stars, but it was a team triumph and a well-deserved honor for the Madison school system and the Quad-City community. The year of 1977 will long be remembered with pride and pleasure by Madison's athletes and citizens.

Aftershocks from Romanian quake on foreign aid policy

Press-Record Washington Bureau — The United States was among the first foreign nations on the scene with airlifted emergency medical supplies for earthquake victims in Romania.

Britain, Germany, Switzerland and other Western European countries also responded promptly with offers of disaster relief.

Beyond the shock of deaths and injuries and the destruction of homes, Romania has suffered a cruel economic setback. With parts of Bucharest as devastated as they were in wartime, the country now faces a big new bill for reconstruction.

Romania's leader, Nicolae Ceausescu, now may be interested even more in help from the capitalist world — if not capital to rebuild, then at least the expertise to rebuild more safely.

And President Carter's foreign policy could feel a tremor from the Romanian earthquake.

If Bucharest asks for reconstruction aid, should we risk annoying Moscow by providing it? What about the issue of human rights in Romania? Our policy toward Eastern Europe could be moving back to the front-burner again.

News notes

Already well above \$3 a pound and nearing \$4, the price of coffee may reach \$5 by summer but then is likely to drop, an Agriculture Department official says.

+++
The Illinois Board of Education voted unanimously Thursday to ask legislators for an added \$1,315,200 to provide full financing of the state's established public school aid formula for the fiscal year. The figure includes \$650,000 for federally-impacted areas and \$665,200 for orphanage tuition.

+++
Circuit Judge Raymond Berg of Cook County on Friday ordered General Motors to advise U.S. owners of 1977 Olds Delta 88 cars whether it installed Chevrolet or Oldsmobile engines in their autos.

+++
With the House approving 118-4 Thursday a bill to restore the death penalty, Illinois senators are expected to take similar action, and Gov. James R. Thompson is believed likely to sign the measure.

+++
State Sen. Sam Vadalabene (D, Edwardsville) said Friday no legislation is planned this year on creating separate SIUE and SIUC university boards.

+++
High school students indicated Saturday they agree that the Mississippi River Festival should schedule rock music acts but not those likely to attract good-weather crowds larger than 17,000. Unusually costly performers can cause deficits when weather limits the audience, it was noted.

+++
Continental Illinois Bank and Trust Co. of Chicago decided Friday to drop its plan to purchase prime farm land through a mutual fund; \$50 million was to have been spent to buy property for lease to farmers. Agriculture Secretary Robert Bergland was among opponents of the plan.

+++
The Illinois House voted 104-29 Thursday to raise the yearly fund for legislative district offices from \$12,000 to \$17,000. By 96-48, it approved raising travel pay from 15 to 20 cents a mile.

+++
Legislation by State Rep. Everett G. Steele, Glen Carbon Republican, would require five-day notice on heat and air conditioning to avoid endangering health during severe weather, with cutoff notifications sent to

2.23-inch rain falls in area

The Quad-City area's need of rainfall was answered in part Friday night, and early Saturday with a downpour that measured 2.23 inches and brought total precipitation for the month to 2.53 inches. As a result, rainfall so far this month exceeds the month's normal fall by .19 of an inch. Normal precipitation for March is 2.34 inches.

While the rainfall was heavy, it occurred over several hours, resulting in considerable runoff. Farmers and gardeners say there still is a need for more rain because of last year's

drought in which this area ended the year 13 inches short of normal rainfall.

Precipitation during the weekend followed 10 of an inch of rain (snow) on March 1, 10 of an inch March 3 and 11 of an inch on March 4. A trace of rain, an amount too slight to register, was reported on March 11 and again on Sunday.

March precipitation brings to 5.59 inches the total rainfall so far this year, or 77 of an inch less than normal. At this time last year there had been a total of 2.40 inches of rain, or 3.19 inches less than normal.

Claim burglars started fire at biscuit plant

Granite City fire investigators today released the results of their investigation into the cause of a fire March 5 which destroyed some facilities of the Schultz-Birch Flavor-Kist Biscuit Co., 24th and Kent streets.

The report cites "strong evidence of a burglary," with the fire being either accidentally or intentionally set by the burglars. The company is now operating at a different location.

A revised damage estimate totals \$288,500, including the \$60,000 building, \$195,000 worth of inventory and equipment. Initial estimates placed the loss at \$151,000.

Investigators noted that firemen noticed a glass pane in the owner, mortgage holder and township supervisor.

+++
During the Madison County Board's March meeting at 9:30 a.m. Wednesday, topics will include county fund depositories, court day, a system automation, a water softening system for the juvenile detention home and a resolution supporting a Venice city "helping hand" van program.

An overhead door had been broken with the glass cleaned out of the opening so someone could enter without being cut. Evidence of a burglary include missing postage stamps and the petty cash box, plus several general drawers had been opened and searched, the soft drink vending machine had been tampered with and an adding machine had been knocked off a desk.

The fire was believed started at a wall separating the office and the warehouse sometime before 6 a.m. March 5 and an explosion occurred about 6:35 a.m. and the flames and fumes escaped from a truck parked inside the building.

Firemen were called 10 minutes later and the flames had broken through the roof and were engulfing most of the building at that time.

The report also noted there was a burglary three weeks previously in which a large amount of money was taken and a small fire was started in a wastebasket, which burned itself out without causing damage. Police are investigating both burglaries.

College board here Thursday

Quad-Cityans will have a rare opportunity at 8 p.m. Thursday — a chance to see their college board during its deliberations. All Belleville Area College programs are open equally to residents throughout the big multi-county territory of Community College District No. 9, but most are held at the college itself, in Belleville.

Instead, the BAC board and administrative staff have made plans to be in session here Thursday evening, utilizing the meeting room of the Board of Education of Granite City Community Unit School District No. 9.

The following agenda has been prepared for the local meeting of the Belleville Area College board:

- I. Call to order by chairman at 8 p.m.
- II. Roll call by secretary.
- III. Approval of minutes of regular meeting of Feb. 17, 1977.
- IV. Approval of bills of Educational Fund, Building Fund and Site and Construction Fund.
- V. Public comments on agenda items of March 17, 1977.
- VI. Report of college president.
- A. Request acceptance of the resignation of Linda D. Ponder, as secretary and bookkeeper-nutrition program, effective March 15.
- B. Recommendation for re-employment of first-year instructor for 1977-78 academic year, William Meekins, medical technician program.
- C. Recommendation for supervisors in the career-oriented division for the 1977-78

academic year:

- Don Chapman, Aviation, Agricultural and General Industrial Related Programs.
- James Cox, Business Related Programs.
- Dr. Louis Reibling, Allied Health and Personal and Public Service Related Programs.

D. Recommendation for approval of an inter-district agreement for education cooperation between Illinois Eastern Community College, District No. 528, and Belleville Area College, District No. 522 (Coal Mining Technology).

E. Recommendation for approval of cooperating agency agreement between Belleville Area College and DePaul Community Health Center for medical record technology, effective Jan. 1, 1977, through June 30, 1978 (with continuation clause).

F. Recommendation for approval of one-year and five-year plans.

G. Request increase in Imprest Fund from \$3,000 to \$4,000.

H. Flight attendant program.

I. Title and salary considerations for Bruce Wissore, student Sara Michael, Fashion Merchandising program, John Wood College.

VIII. Resolution to Illinois State Scholarship Commission.

IX. Report on building programs.

X. Report of attorney.

A. Resolution on the annual election of members to the

Board of Trustees April 9, 1977.

B. Timing of canvass of votes of April 9, 1977, election, reorganization of the Board of Trustees, election of officers, selection of day, time, and place of meetings, and conduct of normal business, with special meeting to be held in lieu of the next regular meeting.

XI. Correspondence.

A. Faculty Senate request that the Board of Trustees sanction an election to determine a recognized faculty collective bargaining agent, with election procedure to be jointly formulated by the Board of Trustees and the Faculty Senate.

B. BAC Chapter-American Association for University Professors executive committee request that the board sanction an election to determine the faculty collective bargaining agent for 1977-78 contract year.

XII. Miscellaneous.

XIII. Adjournment.

MOTORCYCLIST HURT

Reenie Buckingham, 27, of 1648 Olive St., was injured when he lost control of his motorcycle in a field in the 1600 block of Olive Street at 2:25 p.m. Sunday, and fell to the ground. He was taken by ambulance to St. Elizabeth Hospital where he was admitted for observation with cuts to his nose and left eyebrow and pain to his back.

TOOL BOX IS STOLEN

A tool box containing tools valued at about \$200 was stolen from the garage of Joseph Holtzner, 2947 Washington Ave., between March 6 and 2:56 a.m. Sunday. Entry was believed gained through an unlocked window.

Island parties will end in arrest—Maeras

Madison County Sheriff John Maeras has issued a stern warning to youths, both in Missouri and Illinois, that deputies have been ordered to arrest anyone caught drinking or holding parties on Chouteau Island this spring and summer.

Maeras cited murders, rapes, drownings, assaults and other crimes on the island during warm weather last year, and said his deputies have been ordered to arrest law violators on the island, no matter how minor the violation.

Trespassing also will be considered cause for arrest and most portions of the island are private property and are posted against trespassers.

Arrests almost nightly for illegal possession of liquor by youths have had only a minor effect on youths, primarily from Missouri, using the island for parties, but those arrests will continue, Maeras said.

Three youths were charged with illegal transportation of an alcoholic beverage in three separate incidents Thursday night, he said.

Charged in auto theft case

Timothy James Bennett, 21, of 2161 Cleveland Blvd., was arrested by Illinois State Police Thursday after the auto he was driving was involved in an auto accident and troopers alleged the car had been stolen in Granite City.

The car went out of control and went into a ditch between Highland and Trenton on Rose Road, one-half mile east of Route 160, and the driver fled on foot, troopers said. Bennett was apprehended in a cornfield two miles south of Highland.

Shots were reportedly fired after the auto accident, but no weapon was found, according to authorities.

Bennett was charged with being a fugitive from justice, and with theft in connection with the stolen auto. He was released to St. Louis County authorities on warrants alleging burglary and theft.

The auto involved in the accident is owned by Robert J. Bergrath, 1724 Fifth St., Madison, and was reported

stolen at 1:15 p.m. Thursday by his daughter, who had borrowed the car and parked it overnight in the 2200 block of Washington Ave.

STEAL TIRES, WHEELS
Five new tires and wheels were stolen from the bed of the pickup truck of Jesse Byars, 1204 Kirkpatrick Homes, between 5 p.m. Saturday and 8 a.m. Sunday at Kirkpatrick Homes. The chain and padlock securing the tires in the bed also were taken. The loss was valued at more than \$250.

FIRE IN TRASH TRUCK
When fire developed in the rear of a United Disposal trash truck near 23rd Street and Madison Avenue at 6:45 a.m. Friday, the driver, Joe Miller, drove the truck into the main Granite City fire station where firemen extinguished the flames. There was no damage to the truck.

LOST: Female Airedale Afghan, red collar, loss of hair on back, needs medication.

931-1285.

OVERJOYED CHAMPIONS ride a Madison city fire truck during Sunday's parade saluting the all-conquering Madison High School

basketball Trojans. Players, cheerleaders and others are shown on the firefighting apparatus.

PARADE HONORING TEAM is pictured as city vehicles and other vehicles follow a route from Bend Road and Highway 203 down Third Street to West Madison and then Madison Avenue and Madison High

School. A program saluting the state champion basketball team followed the parade Sunday.

PLAYERS AND COACHES ARE HONORED Sunday afternoon in the Madison High School gymnasium by an over-capacity crowd which showed its jubilation regarding the MHS basketball team's state Class A championship. Left to right are John Paskus, an assistant coach; Larry

Graham, head coach of the new state champs; Randall Jones, who was named to all-state recognition by both coaches and writers at the tourney; Dave Hodges, an assistant coach, shown speaking over a microphone; Rodney Davis, partly hidden, and Ron Williams.

Petrillo

(Continued from Page 1)

various colleges. Petrillo and his wife are members of St. Joseph's Catholic Church.

A veteran of World War II, Petrillo spent 30 of his 44 months of active military service overseas.

He is an active member of many organizations in Granite City, including the Veterans of Foreign Wars, the American Legion and the Knights of Columbus.

He is past president of the Granite City Democratic Club and was a member of the local Retail Clerks and Butchers unions.

Having raised three athletic-minded sons, Petrillo was and is still active in the Alumni "G" Club, an organization which sponsors functions to financially assist high school athletes. He also is a member of the Boosters' Club.

Petrillo was chairman of the committee to build the pressbox at the high school stadium and is presently serving as co-chairman of the committee for various other improvements, such as a fence which was put up enclosing the athletic field to increase student safety.

"I've always felt that athletics teach a person sportsmanship and fellowship—two important qualities in today's world," said Petrillo.

He has sponsored several Granite City Park District teams, both softball and football, one of which has held the title of girls' state softball champions in Illinois for the past five years.

For the past 25 years, Petrillo has owned, operated and kept the books for his business, a produce market, Petrillo's Produce.

He comments, "I have dealt successfully with the general public for 25 years and I feel that this would assist me greatly in dealing harmoniously with both the mayor and the City Council as city treasurer."

"The people of Granite City are more or less stockholders in a corporation, our city."

"As a resident of Granite City, I, too, hold stock in this corporation and thus would carefully and cautiously act as city treasurer to protect the interests of our stockholders—the people of Granite City."

Coleman

(Continued from Page 1)

finances, and I believe I have contributed a great deal to the soundness of our monetary situation. The city's annual budget is more than \$7,000,000.

"I sincerely believe that the treasurer should be someone who knows the finances of city government. I have the experience that is needed to guide and direct the treasurer's office."

"If need be, I could enter the position tomorrow and successfully perform the duties of city treasurer."

"In addition to the finance committee, I have also served on:

Granite City Public Library board of directors for four years, including chairman two years.

Planning and Zoning Committee three years, including chairman two years.

City Hall Committee, chairman one year.

Sanitation Committee.

Sewage Treatment Plant Committee one year.

Downstream Granite City Committee one year.

Police Committee, two years.

"I have a bachelor of arts degree from McKendree College, Lebanon, and did graduate work at the University of Illinois."

"I belong to the Elks, Moose, Kiwanis, Illinois Library Association, Boy Scouts, Parent-Teacher Association, First Presbyterian Church and American Federation of Teachers Local 743."

"I intend to serve with integrity, experience and ability. I intend to keep good, honest, efficient government in the treasurer's office," Coleman continues.

"I'll make sure the city receives the most interest for the dollars invested."

"Our present city treasurer, Paul Rutledge, has assured me that he is giving me his full support."

"I do not believe he would do this if he thought I was not qualified to serve in the treasurer's post."

Coleman resides at the Woodlawn address with his wife, the former Barbara Pabst, a Granite City High School South teacher, and children, Ronnie, Randy and Rachel.

Originally from West Frankfort, he has been a Granite City resident since 1961.

HOUSE BURGLARY

Thieves entered the home of Liza Duff, 4501 Highway 182, Saturday evening and took a television, cash, and shotguns with a total value of \$450.

Hearing on nursing home is cancelled

A public hearing scheduled at 4:30 p.m. Thursday on a proposal to build a 176-bed nursing home in the 2900 block of Mockingbird Lane was cancelled Thursday, only a few hours before the hearing was to open.

Cancellation of the hearing was announced by Robert McComb, health economist of the Greater St. Louis Health Systems Agency, who was to conduct the hearing. McComb made the announcement at a 6 p.m. public hearing held in the city Council chambers Thursday on a proposal for an \$18 million renovation and enlargement of St. Elizabeth Hospital.

McComb said his office had received word from Springfield, Ill., at 3 p.m. Thursday that the hearing would not be held. The hearing had been scheduled by the Health Systems Agency on an application of the Illinois Health Facilities Planning Board.

Jerry Maeras of Madison, developer of the nursing home project, said the original application for a permit to build the facility was withdrawn Thursday and replaced by an

application under another section of the Illinois Health Facilities Planning Act which does not require a public hearing.

Maeras' attorney, James Massa, Collinsville, explained that a permit for the nursing home construction first was filed under a section of the health planning act that required a public hearing, which had been scheduled Thursday, but that a permit is now sought under a section of the act that does not require a hearing.

There is no change in the status of the project, Maeras said. The proposal has been approved by city officials who have accepted sewer plans and an agreement under which the city would revert to the city after construction bonds are paid off in 20 years.

Maeras said the change in applications for a permit that will not require a hearing will speed up state authorization of the program. Massa said he expects word on state action within two weeks, whereas the procedure under the hearing section of the act would involve a matter of months.

Mrs. Kelahan, 79, succumbs

Mrs. Cordia C. Kelahan, 79, of Edwardsville, formerly of Granite City, died at 10:20 p.m. Thursday in the Oliver C. Anderson Hospital.

She had been ill for about one year.

Her husband, Joe Kelahan, preceded her in death in 1961.

Mrs. Kelahan is survived by five sons, James E. Kelahan of Granite City, Dick Kelahan of

Phoenix, Ariz., Bob Kelahan of Corpus Christi, Tex., Jack Kelahan of Syracuse, N.Y., Tim Kelahan of Franwood, N.J.; five daughters, Mrs. Maurice (Rita) Hill of Edwardsville, Mrs. Ted (Dottie) Dziemianowicz of Ottville, N.J., Mrs. Ray (Jeanne) Wathen of Riverside, Calif., Mrs. Art (Marguerite) Starnes of Medinah, Ill., and Mrs. Roman (Mary Grace) Emde of Atlanta, 58 grandchildren and 23 great-grandchildren.

Funeral services were held at 9:30 a.m. today in St. Boniface Church of Edwardsville. Burial was in Calvary Cemetery, Edwardsville.

Rites today for sister of GC man

Mrs. Geraldine Jean Reinhardt, 51, of Fairview Heights, a sister of Charles Mayer of Granite City, died Friday at her home.

Other survivors include her husband, Alvin Reinhardt; one son, two daughters; her mother and four other brothers.

Funeral services will be held at 2 p.m. today at St. Paul Lutheran Church, Fairview Heights.

Services held for George Wade Sr.

Funeral services were held at 7 p.m. Sunday at the New Salem Baptist Church, Venice, for George Wade Sr., 64, of 1101 N. 18th St., East St. Louis, father of George Wade Jr. of Venice.

He died Wednesday at Christian Welfare Hospital, East St. Louis.

Other survivors include his wife, Mrs. Millie Wade; four other sons; a daughter and four sisters.

All Positions are Equal Opportunity (Private Employment Agency)

Robinson

(Continued from Page 1)

many years.

He currently is a delegate to the 23rd District, Committee on Political Education, of the political action group of the AFL-CIO. He is also a delegate from his union to the Tri-City Trades and Labor Council. He has received the endorsement of this organization.

Robinson has been an elected member of the board of the \$14 million Granite City Steel Employees Credit Union for the last 11 years.

He is a lifelong resident of Granite City, having attended grade and high schools here.

Robinson has served as a board member of the former East Side Levee and Sanitary District and currently is the president of the newly-created Metro East Sanitary District. Robinson would resign this

position if elected as city treasurer.

Robinson has served on the finance committee of the levee district for four years.

With this experience, he feels that "this is a strong asset over the other candidates."

He has "knowledge of different governmental grants, rules and regulations that must be complied with in order to receive reimbursement from state and federal agencies."

He handled the budget of his board, averaging \$3 million annually.

Robinson has arranged for a leave of absence from Granite City Steel until, in two years, he receives his 30-year retirement. If elected, he would be a full-time city treasurer.

Robinson is seeking the treasurer position as an independent and, as such, feels he "can, and will, serve all of the people of this community well."

Sports figure to speak at Elks dinner

Joe Sullivan, director of operations of the Football Cardinals, will be the guest speaker at the 34th annual corned beef and cabbage dinner of the Elks Lodge at the lodge hall, 1329 Niedringhaus Ave., Wednesday night.

The annual "Irish" event to mark St. Patrick's Day sponsored by the Past Exalted Rulers Association of Granite City Lodge 1063 BPOE (Benevolent and Protective Order of Elks).

Music will be furnished by the "Irish Strollers" beginning at 6 p.m., with dinner for members and guest at 7 p.m.

NOTICE OF PETITION TO PROBATE WILL IN THE CIRCUIT COURT OF MADISON COUNTY STATE OF ILLINOIS
JAMES FABIASIAK, J.S. In the matter of the Petition for the Probate of the Last Will and Testament of JOHN FABIASIAK, DECEASED. You are hereby notified that on the 28th day of February, 1977, an instrument in writing purporting to be the last will and testament of John Fabiasiak, deceased, was filed in the Circuit Court of Madison County, Illinois, and that also on the same date was filed a petition, asking that the said instrument be admitted to probate as the last will and testament of John Fabiasiak, deceased. Said petition states that the following named persons are all the known heirs at law, legatees and devisees of the said deceased, to-wit: William J. Fabiasiak, 2571 Pontoon, Granite City, Illinois. Paul Ashard, 1820 Third Street, Madison, Illinois. Alexander Fabiasiak, Gdynia, Poland. Zdzislaw Fabiasiak, Zaslav, Poland. Geniwieve Pawluk, Obriet, Poland. 4 children of Constant Fabiasiak, do not know where their lives are located, believed to be in Poland. And that the other heirs at law, if any, of said deceased are unknown. Said petitioner requests that the hearing of the proof of the said last will and testament has been set by said court for the 13th day of April 1977 at the hour of 9 o'clock A.M. in the Circuit Court Probate Division at the Court House in Edwardsville, Illinois, in the county aforesaid, and where you may appear and show cause, if any, why said instrument should not be admitted to probate as the last will and testament of the said deceased. WILLARD V. PORTELL, Clerk of the Circuit Court. Dated at Edwardsville, Illinois, this 9th day of March, 1977. By BEVERLY NELSON, Deputy 34 314 21 28

NOTICE FOR PUBLICATION
TO: WHOM IT MAY CONCERN (FATHER OF DEBBIE HOROWITZ) 76-J-452 and to All Whom It May Concern: Take notice that on the 25th day of February, 1977 a petition was filed under the Juvenile Act by State's Attorney in the Circuit Court of Madison County entitled "In the interest of Debbie Horowitz, a minor", and that in Circuit courtroom at Edwardsville on the 28th day of March at the hour of 1:00, or as soon thereafter as an adjudicatory hearing will be held upon the petition to have the child declared to be a ward of the court and that Act. The court has authority in this proceeding to take from you the custody and guardianship of the child and to appoint a guardian with power to consent to adoption of the minor, unless you appear at the hearing and show cause against the petition, the petition may be taken for confessed as against you and each of you, and an order, judgment or decree entered. 34 314

ORDINANCE NO. 3387
AN ORDINANCE
DESIGNATING A
STOP INTERSECTION
BE IT ORDAINED BY THE
CITY COUNCIL OF THE CITY
OF GRANITE CITY,
ILLINOIS:

SECTION 1: That the intersection of Hodges Avenue and Kate Street is hereby designated as a four-way stop intersection pursuant to the provisions of Section 19.302 of Article 2, of Chapter 19, of the Municipal Code of the City of Granite City, and it shall hereafter be unlawful to drive any northerly, southerly, easterly or westerly bound vehicle into Hodges Avenue or Kate Street without first bringing the vehicle to a full stop in compliance with the provisions of said Section 19.302.

SECTION 2: The Superintendent of Streets is hereby authorized and directed to erect a suitable traffic control sign on the northeast, northwest, southeast and southwest corners of said intersection of Hodges Avenue and Kate Street in conformity herewith.

SECTION 3: That is hereby declared unlawful for any person, firm or corporation, servant, or agent or employee thereof, to drive or operate any vehicle over and across the points specified without first bringing said vehicle to a complete stop and from proceeding until said place is free and clear of all pedestrian traffic or other vehicular traffic.

SECTION 4: Any person, firm or corporation or servant or agent or employee thereof, who shall violate any of the terms or provisions of this Ordinance shall, upon conviction, be fined not less than Ten Dollars (\$10.00) nor more than Twenty-five Dollars (\$25.00) for said violation.

SECTION 5: This Ordinance shall take effect and shall have force and effect from and after its passage, approval and due publication.

PASSED BY THE City Council of the City of Granite City, Illinois, this 1st day of March, A.D. 1977.

APPROVED BY THE Mayor of the City of Granite City, Illinois, this 7th day of March, A.D. 1977.

NOTICE FOR PUBLICATION

TO: LOUIS STEWART (FATHER OF PAUL STEWART) 75-122 and to All Whom It May Concern:

Take notice that on the 8th day of March, 1977 a petition was filed under the Juvenile Court Act by State's Attorney in the Circuit Court of Madison County entitled "In the interest of Paul Stewart, a minor" and that in Circuit courtroom at Edwardsville on the 8th day of April at the hour of 2:00, or as soon thereafter as this cause may be heard, an adjudicatory hearing will be held upon the petition to have the child declared to be a ward of the court under that Act. The court has authority in this proceeding to take from you the custody and guardianship of the minor, and to appoint a guardian with power to consent to adoption of the minor.

Now, unless you appear at the hearing and show cause against the petition, the petition may be taken for confessed as against you and each of you, and an order, judgment or decree entered.

NOTICE FOR PUBLICATION

TO: ANDREW SUMMERS (FATHER OF RICKY SUMMERS) 77-J-61 and to All Whom It May Concern:

Take notice that on the 8th day of March, 1977 a petition was filed under the Juvenile Court Act by State's Attorney in the Circuit Court of Madison County entitled "In the interest of Ricky Summers, a minor", and that in Circuit courtroom at Edwardsville on the 6th day of April at the hour of 1:30, or as soon thereafter as this cause may be heard, an adjudicatory hearing will be held upon the petition to have the child declared to be a ward of the court under that Act. The court has authority in this proceeding to take from you the custody and guardianship of the minor, and to appoint a guardian with power to consent to adoption of the minor.

Now, unless you appear at the hearing and show cause against the petition, the petition may be taken for confessed as against you and each of you, and an order, judgment or decree entered.

Willard V. Portell, Clerk
Dated: March 9, 1977.

By: Helen Crause, Deputy
No. 4 34 3 14

CLAIM NOTICE STATE OF ILLINOIS IN THE CIRCUIT COURT OF THE THIRD JUDICIAL CIRCUIT

MADISON COUNTY, PROBATE DIVISION

IN THE MATTER OF THE ESTATE OF GROVER NEVELS, DECEASED.

No. 77-P-122

Notice is given of the death of the above.

Date Letters Were Issued: March 2, 1977.

Executor: Virginia Odom, 2121 St. Clair Ave., Granite City, Illinois

Attorney: Phillip Theis, 245 Pontoon Rd., Granite City, Illinois

Claims against the estate may be filed in the office of the Circuit Court, Probate Division, County Courthouse in Edwardsville, Illinois, within 6 months from date of issuance of letters; and any claim not so filed is barred as to the estate inventoried within that period. Also, copies of claims must be mailed or delivered to the executor-administrator and to the attorney.

WILLARD V. PORTELL
Clerk of the Circuit Court
No. 31 34 3 7 14 21

IN THE CIRCUIT COURT FOR THE THIRD JUDICIAL CIRCUIT OF ILLINOIS

MADISON COUNTY, ILLINOIS

FORECLOSURE

THE FIRST NATIONAL BANK IN MADISON, MADISON, ILLINOIS, a Banking Corporation, Plaintiff,

vs.

CURTIS JENKINS, LONITA JENKINS, and UNKNOWN OWNERS, Defendants.)

PUBLICATION NOTICE

Notice is hereby given to you, Unknown Owners, that suit entitled as above has been commenced and is now pending against you and other defendants wherein the plaintiff seeks to foreclose a certain mortgage on the following described real estate, to-wit:

Lots 13 and 14 in Block 18 in Newport, a Subdivision located in the City of Madison, County of Madison and State of Illinois, together with all buildings, fixtures and appurtenances now or hereafter to the same belonging, located at 301 West Third Street, Madison, Illinois.

And you are further notified that unless on or before the 11th day of April, 1977, you shall appear and defend in said suit, default judgment may be entered against you on the day following or thereafter.

ILLINOIS TERMINAL RAILROAD COMPANY NOTICE

Pursuant to Interstate Commerce Commission order of October 29, 1976, in Ex Parte 274 (Sub-No. 2), Abandonment of Railroad Lines and Discontinuance of Service, the line described below and shown on the accompanying map is included on this company's system diagram filed with the Interstate Commerce Commission and published in the Federal Register. It is categorized as follows:

CATEGORY (1)

Lines or portions of lines which the carrier anticipates will be the subject of an abandonment or discontinuance application to be filed within three years.

(a) O'Fallon Branch.

(b) Located wholly within State of Illinois.

(c) Located in Madison and St. Clair Counties.

(d) Milepost 20.3 to 30.6.

(e) Agency Stations at Troy Junction, Illinois (Milepost 20) and O'Fallon, Illinois (Milepost 30).

Upon request made to Chief Engineer, Illinois Terminal Railroad Company, P.O. Box 7282, St. Louis, Missouri, 63177, interested parties may obtain, for reasonable cost, copy of applicants color coded system diagram map.
